Report of Independent Auditors

The Board of Trustees
Anne Arundel Health System, Inc.

We have audited the accompanying consolidated financial statements of Anne Arundel Health System, Inc. (a Maryland not-for-profit corporation) and subsidiaries, which comprise the consolidated balance sheets as of June 30, 2017 and 2016, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Cottage Insurance Company, Ltd., a wholly owned subsidiary, which statements reflect total assets of \$51,399,000 and \$32,318,000 as of June 30, 2017 and 2016, respectively, and net loss after elimination of intercompany revenues of \$3,677,000 and \$1,800,000, respectively, for the years then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Cottage Insurance Company, Ltd., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Anne Arundel Health System, Inc. and subsidiaries at June 30, 2017 and 2016, and the consolidated results of their operations, changes in their net assets, and their cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary consolidating information is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

June 30, 2017

1. Organization and Basis of Presentation

Anne Arundel Health System, Inc. (the Parent or the System) is a Maryland not-for-profit corporation. The Parent has the following wholly owned subsidiaries: Anne Arundel Medical Center, Inc. (the Hospital) and its subsidiaries; Anne Arundel Health Care Services, Inc. (HCS); Cottage Insurance Company, Ltd. (Cottage); Anne Arundel General Treatment Services, Inc. (GTS); Anne Arundel Health System Research Institute, Inc. (RI); Anne Arundel Medical Center Foundation, Inc. (the Foundation); Anne Arundel Health Care Enterprises, Inc. (HCE); Physician Enterprise, LLC (PE) and its subsidiaries; Anne Arundel Physician Group, LLC; AAMG Physical Therapy, LLC; Community Clinics, LLC; Anne Arundel FastCare, LLC; Orthopedic Physicians of Annapolis; Anne Arundel Medical Center Collaborative Care Network, LLC; Anne Arundel Real Estate Holding Company, Inc. (the Real Estate Company) and its subsidiaries; Pavilion Park, Inc. (PPI); Annapolis Exchange Lot IV, LLC; Annapolis Exchange Lot V, LLC; and Blue Building, LLC. The accompanying consolidated financial statements include the accounts of the Parent and its wholly owned subsidiaries (collectively, the Group). All significant intercompany accounts and transactions have been eliminated in consolidation. The Real Estate Company and PPI own a 42.84% interest in Kent Island Medical Arts, LLC (KIMA), a limited liability company that owns and operates a medical office building. PPI is the managing member of KIMA and has substantive participation rights in KIMA. The financial statements of KIMA are consolidated in the accompanying consolidated financial statements. The non-controlling interest in KIMA was 57.16% as of June 30, 2017 and 2016. This interest was \$923,000 and \$970,000 at June 30, 2017 and 2016, respectively, and is included within unrestricted net assets on the accompanying consolidated balance sheets.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents include cash held in checking and savings accounts, money market accounts, and short-term certificates of deposit with original maturities of 90 days or less. Cash balances and collateral held by a counterparty are principally uninsured and are subject to normal credit risks. At June 30, 2017 and 2016, and at various times during the year, the System maintained cash-in-bank balances in excess of the \$250,000 federally insured limits.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Derivative Instruments

On May 10, 2006, the Hospital entered into a forward variable-to-fixed interest rate swap agreement with an effective date of November 1, 2008. This contract was entered into in an effort to reduce the risk of variable interest rate debt and has a term through July 1, 2048. Under Accounting Standards Codification (ASC) 815, *Derivatives and Hedging*, the Hospital has recognized its derivative instruments as either assets or liabilities on the accompanying consolidated balance sheets at fair value. As these derivative instruments are not designated as hedges, the unrealized gain or loss on these contracts has been recognized on the accompanying consolidated statements of operations and changes in net assets as realized and unrealized gains (losses) on interest rate swap contracts, net. The fair market values of the derivative instruments include a credit valuation adjustment (CVA) as required by ASC 820, *Fair Value Measurement*. When applying the CVA, the valuation of the variable-to-fixed interest rate swap contract was decreased by \$327,000 and \$1,801,000 as of June 30, 2017 and 2016, respectively.

On March 23, 2016, in an effort to reduce the amount of restricted cash pledged as collateral with the original counterparty, the Hospital entered into a Novation Agreement with a second counterparty. Immediately prior to the Novation Agreement, the System modified the existing swap to bifurcate the existing swap into a five-year swap with the remainder into a 2021 through 2048 swap. The terms of the bifurcated swap remain identical to the original swap. The Novation Agreement resulted in the return of \$29,164,000 as of June 30, 2016.

A summary of the Hospital's derivative instruments and related activity at June 30, 2017 and 2016, and for the years then ended, is as follows:

| Description of Derivative Instrument | 2017 Fair Value Liability |
|--|--|
| Variable-to-fixed interest rate swap contract (maturity date March 2021) | \$ (17,225,000) |
| Variable-to-fixed interest rate swap contract (maturity date July 2048) | (56,033,000) |
| | <u>\$ (73,258,000)</u> |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

| Description of Derivative Instrument | 2016 Fair Value Liability |
|--|---------------------------------|
| Variable-to-fixed interest rate swap contract (maturity date March 2021) | \$ (26,849,000) |
| Variable-to-fixed interest rate swap contract (maturity date July 2048) | <u>(72,736,000)</u> |
| | <u>\$ (99,585,000)</u> |

The change in unrealized losses recognized in revenues and gains (in excess) of less than expenses for the years ended June 30, 2017 and 2016, were \$(26,327,000) and \$33,733,000, respectively.

At June 30, 2017 and 2016, the net termination value (i.e., mark-to-market value) of the derivative instruments totaled \$74,557,000 and \$101,386,000, respectively. The Hospital may be exposed to credit loss in the event of non-performance by the other party to the interest rate swap agreements, the risk of which is reflected in the fair value of the instruments under ASC 820. However, the Hospital does not anticipate non-performance by the counterparty.

During fiscal year 2017, the Hospital paid net payments under its interest rate swap program of \$6,000,000. In fiscal year 2016, the Hospital paid net payments under its interest rate swap program of \$6,322,000. These amounts are included within realized and unrealized gains (losses) on interest rate swap contracts, net on the accompanying consolidated statements of operations and changes in net assets and within investing activities on the accompanying consolidated statements of cash flows.

Under the derivative contract for the 2021 through 2048 swap, the Hospital must transfer collateral for the benefit of the counterparty, to the extent that the termination values exceed certain limits. The Hospital's collateral requirement for the benefit of the counterparty was approximately \$51,206,000 and \$69,336,000 at June 30, 2017 and 2016, respectively. The ongoing mark-to-market values and resulting collateral requirements of the Hospital's interest rate swap contract are subject to variability based on market factors (primarily changes in interest rates). Collateral requirements under this interest rate swap contract are excluded from unrestricted cash and investments for purposes of determining the System's compliance with its liquidity covenants under its Maryland Health and Higher Educational Facilities Authority (MHHEFA or the Authority) revenue bond agreements and its derivative agreements. Collateral

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

amounts are included in non-current assets on the accompanying consolidated balance sheets. Approximately \$3,295,000 of collateral was to be returned to the Hospital as of June 30, 2017. Approximately \$8,428,000 of collateral was due to the financial institution as of June 30, 2016.

The amount due to be returned to the Hospital is included in prepaid expenses and other current assets on the accompanying consolidated balance sheet as of June 30, 2017, and is reflected within investing activities on the accompanying consolidated statement of cash flows. The amount due to the financial institution is included in other accrued expenses on the accompanying consolidated balance sheet as of June 30, 2016, and is reflected within investing activities on the accompanying consolidated statements of cash flows.

Assets Whose Use is Limited and Investments

Assets whose use is limited are principally composed of certain funds established to be held and invested by a trustee. These funds are related to the issuance of the Hospital's revenue bonds, investments held at Cottage, and certain permanently restricted endowment assets.

The fair values of publicly traded securities and mutual funds are based on quoted market prices of individual securities or investments or estimated amounts using quoted market prices of similar investments. Hedge fund investments, some of which are structured so that the System holds limited partnership interests, are stated at fair value as estimated in an unquoted market. Valuations of these investments, and therefore the System's holdings, may be determined by the investment manager or general partner and for fund-of-funds investments are primarily based on financial data supplied by the underlying investee funds. Values may be based on historical cost, appraisals, or other estimates that require varying degrees of judgment. Investment income or loss from all unrestricted investments is included on the accompanying consolidated statements of operations and changes in net assets as part of other income (loss).

Investment income or loss on investments of temporarily and permanently restricted assets is added to or deducted from the appropriate restricted fund balance if the income is restricted. The cost of securities sold is based on the specific-identification method.

All investment balances are principally uninsured and subject to normal credit risk. Investments are classified as either current or non-current based on the maturity dates and the availability for current operations. Investments included in non-current assets consist of board-designated

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

investment funds of \$280,133,000 and \$245,271,000 as of June 30, 2017 and 2016, respectively. Based on the System's investment policy, such amounts could be liquidated, at the discretion of the board, to satisfy short-term requirements.

Substantially all investments, other than borrowed funds required to be expended for capital projects, are classified as trading securities, with unrealized gains and losses included in revenues and gains in excess of (less than) expenses.

Borrowed funds required to be expended for capital projects are classified as other-than-trading and are included in assets whose use is limited.

Patient Receivables and Allowances

The Group's policy is to write off all patient accounts that have been identified as uncollectible. An allowance for doubtful accounts is recorded for accounts not yet written off that are anticipated to be uncollectible in future periods. When determining the allowance, the Group's policy considers the probability of recoverability of accounts based on past experience, taking into account the current collection trends. Credit risks are assessed based on historical write-offs, net of recoveries, as well as an analysis of aged accounts receivable balances with allowances generally increasing as the receivable ages. The analysis of receivables is performed monthly, and the allowances are adjusted accordingly.

Insurance coverage and credit information are obtained from patients, when available. No collateral is obtained for accounts receivable.

Accounts receivable from third-party payors have been adjusted to reflect the difference between the charges and the estimated reimbursable amounts.

Inventories

Inventories, which primarily consist of medical supplies and drugs, are carried at the lower of cost or market. Cost is determined using the first-in, first-out method.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment are stated at cost. Included in computers and software are capitalized labor costs of \$11,026,000 and \$10,950,000 as of June 30, 2017 and 2016, respectively. Depreciation and amortization, including amortization of assets recorded under capital leases, are recorded on the straight-line method over the estimated useful lives of the assets.

The following is a summary of property and equipment, stated at cost:

| | Estimated Useful Lives | June 30 2017 | 2016 |
|----------------------------|-----------------------------------|------------------------------|------------------------------|
| Land | | \$ 14,901,000 | \$ 14,068,000 |
| Land improvements | 20 years | 22,026,000 | 22,016,000 |
| Buildings and improvements | 20–40 years | 482,470,000 | 475,001,000 |
| Fixed equipment | 5–20 years | 11,064,000 | 9,854,000 |
| Leasehold improvements | 5–10 years | 52,703,000 | 51,093,000 |
| Movable equipment | 7–10 years | 181,049,000 | 183,639,000 |
| Computers and software | 3–5 years | 83,813,000 | 69,880,000 |
| Construction-in-progress | – | 6,824,000 | 8,394,000 |
| | | <u>\$ 854,850,000</u> | <u>\$ 833,945,000</u> |

Construction-in-progress consists of direct costs associated with hospital department renovations, certain leasehold improvements, and smaller capital projects. As these projects are completed, the related assets are transferred out of construction-in-progress and into the appropriate asset category and are depreciated over the applicable useful lives.

Investments in Joint Ventures

The System accounts for its investments in joint ventures using the equity method of accounting. During 2011, the Real Estate Company and another party formed West County, LLC, a joint venture that owns and operates a medical office building that opened in December 2012. The Real Estate Company has a 50% interest in this joint venture, with each owner's investment being \$6,658,000 and \$8,306,000 as of June 30, 2017 and 2016, respectively.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Deferred Debt Issuance Costs

Administrative, legal, financing, underwriting discount, and other miscellaneous expenses that were incurred in connection with debt financings were deferred and are being amortized over the lives of the bond issues using the straight-line method, which approximates the effective-interest method in all material respects. The amortization expense of the deferred debt issue costs was \$328,000 and \$275,000 for the years ended June 30, 2017 and 2016, respectively.

The System adopted Accounting Standards Update (ASU) 2015-03, *Interest – Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*, in the current year. This moved debt issuance costs from an asset account to a direct reduction to debt. This standard has been applied retrospectively. Debt issuance costs were \$4,179,000 and \$4,370,000 as of June 30, 2017 and 2016, respectively.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Group has been limited by donors to a specific time period or purpose. Substantially all temporarily restricted net assets in the accompanying consolidated financial statements are restricted to fund certain Hospital capital additions and operating programs. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity. The income from these funds is expendable to support health care services.

Net Patient Service Revenue

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered. This includes regulatory discounts allowed to Blue Cross, Medicare, Medicaid, and other third-party payors and charity care.

During 2017 and 2016, approximately 36% and 35%, respectively, of net patient service revenue was received under the Medicare program, 29% and 30% from Blue Cross, 29% from contracts with other third parties, and 6% from other sources.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The following table sets forth the detail of net patient service revenue:

| | Year Ended June 30 | |
|--|---------------------------|----------------|
| | 2017 | 2016 |
| Gross patient service revenue | \$ 871,740,000 | \$ 812,915,000 |
| Revenue deductions: | | |
| Charity care | 5,625,000 | 4,457,000 |
| Contractual and other allowances | 183,665,000 | 156,595,000 |
| Net patient service revenue | 682,450,000 | 651,863,000 |
| Less provision for bad debts | 17,590,000 | 16,122,000 |
| Net patient service revenue, less provision for bad debts | \$ 664,860,000 | \$ 635,741,000 |

Patient accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectibility of accounts receivable, the Hospital analyzes its past history and identifies trends to estimate the appropriate allowance for doubtful accounts and a provision for bad debts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and co-payment balances due for which third-party coverage exists for part of the bill), the Hospital records a provision for bad debts in the period of service on the basis of its past experience. The difference between the approved rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. The Hospital has not changed its charity care or uninsured discount policies during fiscal years 2017 or 2016.

A substantial amount of the Group's revenues is received from health maintenance organizations and other managed-care payors. Managed-care payors generally use case management activities to control hospital utilization. These payors also have the ability to select health care providers offering the most cost-effective care. Management does not believe that the Group has undue exposure to any one managed-care payor.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Hospital's revenues may be subject to adjustment as a result of examination by government agencies or contractors and as a result of differing interpretations of government regulations, medical diagnoses, charge coding, medical necessity, or other contract terms. The resolution of these matters, if any, often is not finalized until subsequent to the period during which the services were rendered.

The Group employs physicians in several hospital-based specialties (including, but not limited to, obstetrics, intensive care, and hospitalists). Net physician revenue is recognized when the services are provided and recorded at the estimated net realizable amount based on the contractual arrangements with third-party payors and the expected payments from the third-party payors and the patients. The difference between the billed charges and the estimated net realizable amounts are recorded as a reduction in physician revenue when the services are provided. The System recognized net physician revenue of \$111,833,000 and \$100,500,000 for the years ended June 30, 2017 and 2016, respectively. At June 30, 2017 and 2016, \$8,229,000 and \$7,650,000, respectively, of net physician accounts receivable are included in patient receivables on the accompanying consolidated balance sheets.

Charity Care

The Group provides charity care to patients who meet certain criteria established under its charity care guidelines. Because members of the Group do not pursue the collection of amounts determined to qualify as charity care, they are not reported as revenue on the accompanying consolidated statements of operations and changes in net assets. The direct and indirect costs associated with providing this care are \$4,105,000 and \$3,290,000 for the years ended June 30, 2017 and 2016, respectively. These costs are calculated by applying a ratio of operating expenses over gross patient charges to the charity care provided at established rates. The state of Maryland's rate system includes components within the rates to partially compensate hospitals for uncompensated care.

Other Operating Revenue

Other operating revenue is comprised of grant revenue, incentive payments related to the implementation and meaningful use of certified electronic health records (EHRs), cafeteria revenue, net assets released from restrictions for operating purposes, and other miscellaneous items.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The American Recovery and Reinvestment Act of 2009 provides for Medicare and Medicaid incentive payments beginning in 2011 for eligible hospitals and professionals that implement and achieve meaningful use of certified EHR technology that demonstrates improved quality and effectiveness of care. Eligibility for annual Medicare incentive payments depends on providers demonstrating meaningful use of EHR technology in each period over a four-year period. An additional Medicaid incentive payment is available to providers that adopt, implement, or upgrade certified EHR technology. However, in order to receive additional Medicaid incentive payments in subsequent years, providers must demonstrate continued meaningful use of EHR technology.

For Medicare and Medicaid EHR incentive payments, the Hospital utilizes a grant accounting model to recognize these revenues. Under this accounting policy, EHR incentive payments were recognized as revenues when attestation that the EHR meaningful use criteria for the required period of time was demonstrated. The System recognized \$358,000 and \$983,000 of EHR revenue for the years ended June 30, 2017 and 2016, respectively.

The System's attestation of compliance with the meaningful use criteria is subject to audit by the federal government or its designee. The recognition of grant income is based on management's best estimate and the amounts recognized are subject to change. Any subsequent changes in the recognition of the grant income will impact the results of operations in the period in which they occur.

Donations and Bequests

Unconditional promises to give cash and other assets are reported at fair value on the date the promise is received. Conditional promises to give, and indications of intentions to give, are reported at fair value on the date the gift is received. The gifts are reported as either temporarily or permanently restricted if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets on the accompanying consolidated statements of operations and changes in net assets. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying consolidated financial statements. Contributions that are unrestricted are reflected as other operating revenue on the accompanying consolidated statements of operations and changes in net assets.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Scheduled payments for pledges receivable for the years ending June 30 are as follows:

| | |
|---|---------------------|
| 2018 | \$ 1,065,000 |
| 2019–2021 | 2,532,000 |
| 2022 and thereafter | 1,991,000 |
| Less: | |
| Impact of discounting pledges receivable to net present value | (323,000) |
| Allowance for uncollectible pledges | (351,000) |
| Net pledges receivable | <u>\$ 4,914,000</u> |

Pledges receivable are discounted using rates between 1.2% and 2.5%.

Revenues and Gains in Excess of (Less Than) Expenses

The accompanying consolidated statements of operations and changes in net assets include revenues and gains in excess of (less than) expenses. Changes in unrestricted net assets that are excluded from revenues and gains in excess of (less than) expenses, consistent with industry practice, include contributions received and used for additions of long-lived assets and certain changes in pension liabilities.

Group Purchasing Organization Initial Public Offering

The Hospital has participated and owned equity in the Premier Limited Partnership (Premier), which has served as a group purchasing organization for many years. This participation provides purchasing contract rates and rebates the System would not be able to obtain on its own. The Hospital accounts for its investment in Premier using the equity method of accounting.

During the year ended June 30, 2014, Premier restructured from a privately held company to a public company in an initial public offering (IPO) and several financial transactions have occurred with those holding equity in Premier before the IPO, including the System. As a result, the System received a cash payment of approximately \$1,500,000 in exchange for 16% of its previous ownership in Premier. In addition, in exchange for the extension of the group purchasing contract, the System received partial ownership of the new public company (the Class B units).

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The System received 309,580 Class B units that are earned in seven separate tranches over an 85-month period ending October 31, 2020. This investment is reflected in other assets on the consolidated balance sheets. The opportunity will exist in the future for these Class B units to be converted to the Premier public company stock. Prior to vesting, the Class B units may be transferred or sold with the approval of Premier. During the years ended June 30, 2017 and 2016, the System recognized approximately \$1,423,000 and \$1,243,000, respectively, of income related to Tranches 2 and 3 of the Class B units which is included as a reduction of supplies expense on the consolidated statement of operations and changes in net assets. The value of the Class B units is tied to the Group purchasing contract and is considered a vendor incentive.

Income Tax Status

The Parent, the Hospital, the Foundation, HCS, GTS, PE, and RI have received determination letters from the Internal Revenue Service (IRS) stating that they are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Real Estate Company has received a determination letter from the IRS stating that it is exempt from federal income taxes under Section 501(c)(2) of the Internal Revenue Code.

HCE and PPI are subject to federal and state income taxes. These income taxes are immaterial to the consolidated financial statements.

Certain limited liability companies within the consolidated group are not subject to income taxes. Taxable income or loss is passed through to and reportable by the members individually.

Under the Cayman Islands Tax Concessions Law (Revised), the Governor-in-Cabinet issued an undertaking regarding Cottage on November 29, 2005, exempting it from all local income, profit, or capital gains taxes. The undertaking has been issued for a period of 20 years and, at the present time, no such taxes are levied in the Cayman Islands. Accordingly, no provision for taxes is made in these consolidated financial statements.

Under the requirements of ASC 740, *Income Taxes*, tax-exempt organizations could be required to record an obligation as the result of a tax position they have historically taken on various tax exposure items. The Group has determined that it does not have any uncertain tax positions through June 30, 2017.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This guidance is intended to improve and converge with the international standards and the financial reporting requirements for revenue from contracts with customers. In August 2015, the FASB issued ASU No. 2015-14, *Revenue from Contracts with Customers (Topic 606)*, which extends the effective date originally contemplated by ASU 2014-09. The revised standards will be effective for fiscal year 2019 and early adoption is permitted beginning in fiscal year 2018. The System is currently assessing the potential impact this ASU will have on the System's consolidated results of operations, financial position, and cash flows.

In August 2014, the FASB issued ASU No. 2014-15, *Presentation of Financial Statements — Going Concern (Subtopic 205-40: Disclosure of Uncertainties about an Entity's Ability to Continue as Going Concern)*, which provides guidance in GAAP about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and to provide related footnote disclosures. This amendment should reduce diversity in the timing and content of footnote disclosures. The System implemented this guidance as of June 30, 2017, and it did not materially impact the System's consolidated results of operations, net assets, or cash flows.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 892)*. This ASU amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets. This guidance is effective for fiscal year 2020. The System is currently assessing the potential impact this ASU will have on the System's consolidated results of operations, financial position, and cash flows.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In March 2017, the FASB issued ASU 2017-07, *Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*, which changes the presentation of net periodic pension cost and net periodic postretirement benefit cost requiring that an employer report the service cost component in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The other components of net benefit cost as defined in paragraphs 715-30-35-4 and 715-60-35-9 are required to be presented on the income statement separately from the service cost component and outside a subtotal of income from operations, if one is presented. This guidance is effective for fiscal year 2018. The System is currently assessing the potential impact this ASU will have on the System's consolidated results of operations.

3. Regulatory Environment

Medicare and Medicaid

The Medicare and Medicaid reimbursement programs represent a substantial portion of the Group's revenues. The Group's operations are subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Over the past several years, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs, together with the imposition of fines and penalties, as well as repayments for patient services previously billed. Compliance with fraud and abuse standards and other government regulations can be subject to future government review and interpretation. Also, future changes in federal and state reimbursement funding mechanisms and related government budgeting constraints could have an adverse effect on the Group.

In 1983, Congress approved a Medicare prospective payment plan for most inpatient services as part of the Social Security Amendment Act of 1983. Hospitals in Maryland were granted a waiver from the Medicare prospective payment system under Section 1814(b) of the Social Security Act. The waiver would remain in effect as long as the Maryland rate of increase in payments per admission remained below the national average rate of increase.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

3. Regulatory Environment (continued)

In January 2014, the Centers for Medicare and Medicaid Services approved a modernized waiver that includes both inpatient and outpatient revenue. The new waiver will be in place as long as Maryland hospitals achieve significant quality improvements and limit the per capita growth for all payors for Maryland residents. The Medicare per capita spending target is expected to produce cumulative Medicare savings of \$330,000,000 over the five-year period through 2018.

Maryland Health Services Cost Review Commission

The Hospital's rate structure for all hospital-based services is subject to review and approval by the Maryland Health Services Cost Review Commission (HSCRC or the Commission). Under the HSCRC rate-setting system, the Hospital's inpatient and outpatient charges are the same for all patients, regardless of payor, including Medicare and Medicaid.

Beginning in fiscal year 2014, the Hospital entered into an agreement with the HSCRC to participate in the Global Budget Revenue (GBR) program. The GBR model is a revenue constraint and quality improvement system to provide hospitals with strong financial incentives to manage their resources efficiently and effectively in order to slow the rate of increase in health care costs and improve health care delivery processes and outcomes. Under the GBR, total revenue is capped at a predetermined fixed amount. The annual approved revenue is calculated using a permanent base revenue with positive or negative adjustments for inflation, assessments, performance in quality-based programs, infrastructure requirements, and population. Revenue may also be adjusted annually for market share levels and shifts of regulated services to unregulated settings.

The Commission's rate-setting methodology compares the approved rate with the actual average rate charged. Any overcharges or undercharges are settled in future revenue determinations on an annual basis. For the current fiscal year, the Hospital was within the allowed corridors for charging.

The Hospital's policy is to recognize revenue based on actual charges for services to patients in the year in which the services are performed. The Hospital's revenues may be subject to adjustment as a result of examination by government agencies or contractors, and as a result of differing interpretation of government regulations, medical diagnoses, charge coding, medical necessity, or other contract terms. The resolution of these matters, if any, often is not finalized until a subsequent period than which the services were rendered.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

4. Investments

Investments, including assets whose use is limited, are stated at fair value. Borrowed funds that are required to be expended on specified capital projects under MHHEFA revenue bond agreements are classified as available for sale. All other investments and assets whose use is limited are classified as trading securities.

| | June 30 | |
|-----------------------------------|----------------------|----------------------|
| | 2017 | 2016 |
| Assets whose use is limited: | | |
| Endowment assets: | | |
| Cash and cash equivalents | \$ 218,000 | \$ 1,182,000 |
| Equity mutual funds | 9,647,000 | 8,503,000 |
| Fixed income mutual funds | 5,920,000 | 5,348,000 |
| | <u>15,785,000</u> | <u>15,033,000</u> |
| Amounts held by trustee: | | |

| Investments | \$ 281,832,000 | \$ 246,824,000 |

The components of investment income, net are as follows:

| | June 30 | |
|-----------------------------------|---------------------|---------------|
| | 2017 | 2016 |
| Interest and dividend income, net | \$ 6,647,000 | \$ 8,900,000 |
| Realized gains, net | 2,874,000 | 5,491,000 |
| | \$ 9,521,000 | \$ 14,391,000 |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

5. Fair Value Measurements

ASC 820 defines fair value and establishes a framework for measuring fair value in accordance with U.S. generally accepted accounting principles. ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 – Defined as observable inputs, such as quoted prices in active markets

Level 2 – Defined as inputs other than quoted prices in active markets that are either directly or indirectly observable

Level 3 – Defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Group believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820 requires that the fair value of derivative contracts include adjustments related to the credit risks of both parties associated with the derivative transactions. The fair value of the Group's derivative contracts reflected in the accompanying consolidated financial statements includes adjustments related to the credit risks of the parties to the transactions.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

5. Fair Value Measurements (continued)

The following tables present the fair value hierarchy for the Group's financial assets and liabilities measured at fair value on a recurring basis at June 30.

| | 2017 | | | |
|--|------------------------|--|--|---------------------------------------|
| | Total | Quoted Prices in Active Markets for Identical Assets | Significant Other Observable Inputs | Significant Unobservable Inputs |
| | | Level 1 | Level 2 | Level 3 |
| Assets | | | | |
| Cash and cash equivalents | \$ 71,504,000 | \$ 71,504,000 | \$ — | \$ — |
| Trading securities and assets whose use is limited: | | | | |
| Cash and cash equivalents | 18,935,000 | 10,175,000 | 8,760,000 | — |
| Equity securities | 159,857,000 | 153,792,000 | 6,065,000 | — |
| Fixed income securities | 127,158,000 | 113,149,000 | 14,009,000 | — |
| U.S. Government obligation securities | 15,075,000 | — | 15,075,000 | — |
| Hedge funds | 32,041,000 | — | 32,041,000 | — |
| Total | 353,066,000 | 277,116,000 | 75,950,000 | — |
| Collateral for interest rate swap: | | | | |
| Cash and cash equivalents | 51,206,000 | 51,206,000 | — | — |
| Total assets | <u>\$ 475,776,000</u> | <u>\$ 399,826,000</u> | <u>\$ 75,950,000</u> | <u>\$ —</u> |
| Liabilities | | | | |
| Derivative instruments | \$ (73,258,000) | \$ — | \$ (73,258,000) | \$ — |

The Group's Level 1 securities primarily consist of U.S. Treasury securities, exchange-traded mutual funds, and cash. The Group determines the estimated fair value for its Level 1 securities using quoted (unadjusted) prices for identical assets or liabilities in active markets.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

5. Fair Value Measurements (continued)

The Group's Level 2 securities primarily consist of U.S. government-sponsored entities' bonds and money market funds. The Group determines the estimated fair value for these Level 2 securities using the following methods: quoted prices for similar assets/liabilities in active markets, quoted prices for identical or similar assets in non-active markets (few transactions, limited information, non-current prices, high variability over time), inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates, yield curve volatilities, default rates.), and inputs that are derived principally from or corroborated by other observable market data. Part of the System's hedge funds are also considered Level 2 investments because the System has the ability to redeem its investment with the investee at the net asset value per share (or its equivalent) at the measurement date. Redemption can be made on the last day of any calendar quarter with 65 days' advanced written notice. The remaining part of the System's hedge funds, approximately \$18 million, are invested in international equity funds and are considered Level 2 investments.

The Group's Level 2 securities also consist of derivative instruments, which are reported using valuation models commonly used for derivatives. Valuation models require a variety of inputs, including contractual terms, market-fixed prices, inputs from forward price yield curves, notional quantities, measures of volatility, and correlations of such inputs.

The Group also has pledges receivable, which are measured at fair value on a nonrecurring basis and are discounted to the net present value upon receipt using an appropriate risk-free discount rate based on the term of the receivable. Since these inputs are not observable, pledges receivable would be considered Level 3 fair value measurements upon their initial recording. Pledges receivable are recorded net of an allowance for uncollectible pledges. The following table provides a reconciliation of the beginning and ending balances of pledges receivable that used significant unobservable inputs.

| | Year Ended June 30 | |
|------------------------|----------------------------|---------------------|
| | 2017 | 2016 |
| Pledges receivable: | | |
| Balance at July 1 | \$ 6,333,000 | \$ 7,419,000 |
| New pledges | 2,225,000 | 2,539,000 |
| Collections of pledges | (3,379,000) | (3,203,000) |
| Write-off of pledges | (316,000) | (517,000) |
| Change in reserves | 51,000 | 95,000 |
| Balance at June 30 | <u>\$ 4,914,000</u> | <u>\$ 6,333,000</u> |

6. Long-Term Debt and Line of Credit

Long-term debt consists of the following:

| | Interest Rate | Maturity Dates | June 30 | |
|--|--------------------------|---------------------------|-----------------------|----------------|
| | | | 2017 | 2016 |
| Maryland Health and Higher Educational Facilities Authority Revenue Bonds – Series 2014 | 2.0%–5.0% | 2015–2040 | \$ 120,440,000 | \$ 122,580,000 |
| Maryland Health and Higher Educational Facilities Authority Revenue Bonds – Series 2012 | 2.0%–5.0% | 2013–2035 | 64,915,000 | 67,380,000 |
| Maryland Health and Higher Educational Facilities Authority Revenue Bonds – Series 2010 | 4.0%–5.0% | 2011–2041 | 74,835,000 | 76,430,000 |
| Maryland Health and Higher Educational Facilities Authority Revenue Bonds – Series 2009B | Variable | 2041–2044 | 60,000,000 | 60,000,000 |
| 2008 term loan from a bank | Variable | 2019 | 42,892,000 | 44,795,000 |
| Kent Island term loan from a bank | Variable | 2021 | 6,456,000 | 6,788,000 |
| 2008 construction loan from a bank | Variable | 2019 | 22,506,000 | 23,505,000 |
| | | | 392,044,000 | 401,478,000 |
| Less current portion of long-term debt | | | 9,593,000 | 15,974,000 |
| Less deferred debt issue costs | | | 4,179,000 | 4,370,000 |
| Unamortized original issue premium, net | | | 10,650,000 | 11,272,000 |
| Long-term debt | | | \$ 388,922,000 | \$ 392,406,000 |

These debt instruments are secured by the receipts of the Hospital and substantially all of the property and equipment of the consolidated Group.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

6. Long-Term Debt and Line of Credit (continued)

Principal payments due under all debt instruments as of June 30, 2017, are as follows:

| | |
|------------|-----------------------|
| 2018 | \$ 9,593,000 |
| 2019 | 69,595,000 |
| 2020 | 7,107,000 |
| 2021 | 7,535,000 |
| 2022 | 7,868,000 |
| Thereafter | 290,346,000 |
| | <u>\$ 392,044,000</u> |

Series 2014 Revenue Bonds

In November 2014, the Hospital entered into a loan agreement with the MHHEFA, for the issuance of Series 2014 Revenue Bonds (referred to as the 2014 Bonds). The proceeds of the 2014 Bonds were used to advance refund the Series 2009A Bonds previously provided by MHHEFA. The bonds being refunded were originally obtained to finance a portion of the costs of construction for an eight-story patient care building, two parking garages, and costs related to the issuance. The 2014 Bonds provide for annual principal payments each July 1 from 2015 through 2039. Interest is payable semiannually each July 1 and January 1, beginning in January 2015. The 2014 Bonds bear stated interest rates between 2.00% to 5.00% and were issued at a premium of \$7,520,000, which is amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. The effective annual interest rate for the 2014 Bonds for the years ended June 30, 2017 and 2016, was 4.20% and 4.14%, respectively.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

6. Long-Term Debt and Line of Credit (continued)

Series 2012 Revenue Bonds

In October 2012, the Hospital entered into a loan agreement with MHHEFA for the issuance of \$73,625,000 of Series 2012 Revenue Bonds (referred to as the 2012 Bonds). The proceeds of the 2012 Bonds were used to repay the Series 2004A Bonds and the Series 1998 Bonds previously provided by the Authority. The bonds being refinanced were originally obtained to finance a new replacement hospital (Series 1998 Bonds) and to finance major renovations to the Hospital's Cancer Center and land acquisition (Series 2004A Bonds). The 2012 Bonds provide for annual principal payments each July 1 from 2013 through 2034. Interest is payable semiannually on each July 1 and January 1, beginning July 1, 2013. The 2012 Bonds bear stated interest at rates of 2.00% to 5.00%, and were issued at a premium of \$6,746,000. The effective annual interest rates for the 2012 Bonds for the years ended June 30, 2017 and 2016, were 3.74% and 3.71%, respectively.

The provisions of the 2014 and 2012 Bonds, together with the Series 2010 Bonds and Series 2009 Bonds, require the Parent and subsidiaries to comply with certain covenants on an annual basis, including a debt service coverage requirement, a debt-to-capitalization requirement, and a liquidity requirement. The Hospital, the Parent, and HCS are members of the obligated Group for all of the revenue bonds issued by the MHHEFA.

Series 2010 Revenue Bonds

In February 2010, the Hospital entered into a loan agreement the Revenue Bonds (2010 Bonds) MHHEFA for the issuance of \$85,410,000 of 2010 Bonds. The proceeds of the 2010 Bonds were used to repay the Series 2004B Bonds and dedicated financing previously provided by the MHHEFA and are also being used to finance the expansion of the parking garage for the Hospital's acute care pavilion. The 2010 Bonds provide for annual principal payments each July 1, from 2011 through 2040. Interest is payable semiannually on each July 1 and January 1, beginning July 1, 2010. The 2010 Bonds bear stated interest at rates of 4.00% to 5.00%, and were issued at an original issue discount of \$1,507,000. The effective annual interest rates for the 2010 Bonds for the years ended June 30, 2017 and 2016, were 4.99% and 4.97%, respectively.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

6. Long-Term Debt and Line of Credit (continued)

Series 2009 Revenue Bonds

In January 2009, the Hospital entered into a loan agreement with the MHHEFA for the issuance of \$120,000,000 of Series 2009A Revenue Bonds (the 2009A Bonds) and in February 2009, \$60,000,000 of Series 2009B Revenue Bonds (the 2009B Bonds) (collectively referred to as the 2009 Bonds). The proceeds of the 2014 Bonds were used to advance refund the Series 2009A Bonds previously provided by the MHHEFA. The proceeds of the 2009 Bonds were used to finance a portion of the costs of construction of an eight-story patient care building, two new parking garages, and certain costs relating to the issuance. The 2009B Bonds provide for annual principal payments each July 1, from 2040 through 2043. Interest is payable semiannually on each July 1 and January 1, beginning July 1, 2009. The 2009B Bonds bear interest at variable rates, as set forth in the loan agreement. The maximum interest rate is 12% for the 2009B Bonds. The effective annual interest rates for the 2009B Bonds for the years ended June 30, 2017 and 2016, were 0.68% and 0.12%, respectively. The principal and interest payments on the Series 2009B Bonds are secured by a letter of credit equal to the original principal of the bonds plus an amount equal to 40 days' interest thereon, calculated at the maximum rate. The current letter of credit expires on July 1, 2020. Under certain circumstances, the Hospital would need to fully redeem the 2009B Bonds upon expiration of the letter of credit, unless a conforming replacement letter of credit was secured prior to such expiration.

The related balances are included in assets whose use is limited and consist of the following:

| | June 30 | |
|---|-----------------------------|-----------------------------|
| | 2017 | 2016 |
| Debt service funds | \$ 12,573,000 | \$ 12,310,000 |
| Debt service reserve funds | 12,497,000 | 12,543,000 |
| Construction fund and capitalized interest fund | 180,000 | 180,000 |
| | <u>\$ 25,250,000</u> | <u>\$ 25,033,000</u> |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

6. Long-Term Debt and Line of Credit (continued)

Bank Line of Credit and Term Loan

The Hospital maintains a line of credit with a bank providing available credit of \$30,000,000. The agreement with the bank is reviewed for renewal on February 28 of each year. Interest on any borrowings accrues at the one-month London Interbank Offered Rate (LIBOR) plus 1.5%. At June 30, 2017 and 2016, the Group has no balance on the line of credit.

On October 23, 2008, the Real Estate Company secured a term loan in the amount of \$55,000,000 with a bank. The proceeds from the term loan were used to refinance line of credit proceeds and fund certain construction costs related to a medical office building. The loan bears interest at a variable rate, based on the LIBOR market index rate plus 1.25%. The term loan requires monthly payments of \$235,000 with all remaining amounts due upon final maturity on November 5, 2018. The effective annual interest rates for the years ended June 30, 2017 and 2016, were 1.95% and 1.72%, respectively.

2008 Construction Loan

On October 23, 2008, the Real Estate Company entered into a construction loan in the amount of \$30,000,000 with a bank to fund the construction of a medical office building. The loan was issued under the same loan agreement as the term loan discussed in the immediately preceding paragraph. The debt is secured by the medical office building. Interest only is due during the construction period at a rate equal to the LIBOR market index rate plus 1.25%. The loan converted to a term loan after the completion of the construction in July 2009. The term loan provides for monthly principal and interest payments and has a final maturity of November 5, 2018. The effective annual interest rates for the years ended June 30, 2017 and 2016, were 1.95% and 1.59%, respectively.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

6. Long-Term Debt and Line of Credit (continued)

Kent Island Term Loan

In August 2007, KIMA entered into a construction loan agreement with a bank in the amount of \$9,000,000 that would convert to a term loan after the completion of the construction. The proceeds were used to construct a medical office building. The debt was secured by the medical office building. Interest only was due during the construction period at a rate of the 30-day LIBOR plus 1.0%. The construction was completed in June 2008.

On May 9, 2017, KIMA refinanced the term loan with a \$6,567,000 promissory note. The promissory note provides for monthly principal and interest payments and has a final maturity of December 2021. The promissory note bears interest at a variable rate, based on the 30-day LIBOR plus 1.2%. The effective annual interest rates for the years ended June 30, 2017 and 2016, were 1.64% and 1.18%, respectively.

7. Pension Plan and Thrift Plan

The Hospital has a qualified non-contributory, defined benefit pension plan (the Plan) that covers substantially all employees. The Group's policy is to fund pension costs as determined by its actuary. Adopted by the Board of Trustees on June 11, 2009, and effective September 1, 2009, the Hospital amended the Plan to freeze future benefit accruals, and participants have not earned any additional benefits under the Plan since that date. However, subsequent to September 1, 2009, participants have continued to vest in benefits they have earned through September 1, 2009. The frozen benefit balance for the participants will only accrue interest credits until the participants' benefit commencement dates. FASB ASC 715, *Compensation — Retirement Benefits*, requires the Group to recognize the funded status (i.e., the difference between the fair value of plan assets and the projected benefit obligations) of its pension plan on its consolidated balance sheet, with a corresponding adjustment to unrestricted net assets. The pension liability adjustment to unrestricted net assets represents the change in net unrecognized actuarial losses that have not yet been recognized as part of revenues and gains in excess of expenses. These amounts are subsequently recognized as a net periodic benefit cost pursuant to the Group's historical accounting policy for amortizing such amounts.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

7. Pension Plan and Thrift Plan (continued)

The reconciliation of the beginning and ending balances of the projected benefit obligation and the fair value of plan assets for the years ended June 30 and the accumulated benefit obligation at June 30 is as follows:

| | <u>2017</u> | <u>2016</u> |
|---|------------------------|------------------------|
| Accumulated benefit obligation | <u>\$ 127,127,000</u> | <u>\$ 130,775,000</u> |
| Change in projected benefit obligation: | | |
| Projected benefit obligation at beginning of year | \$ 130,775,000 | \$ 121,761,000 |
| Service cost | — | — |
| Interest cost | 4,340,000 | 4,931,000 |
| Actuarial (gain) loss | (1,928,000) | 10,589,000 |
| Benefits paid | (1,978,000) | (1,652,000) |
| Settlements paid | (4,082,000) | (4,854,000) |
| Projected benefit obligation at end of year | <u>127,127,000</u> | <u>130,775,000</u> |
| Change in plan assets: | | |
| Fair value of plan assets at beginning of year | 99,307,000 | 99,059,000 |
| Actual return on plan assets | 14,413,000 | (3,619,000) |
| Employer contribution | 8,779,000 | 10,247,000 |
| Plan reimbursement | — | 127,000 |
| Benefits paid | (1,978,000) | (1,653,000) |
| Settlements paid | (4,082,000) | (4,854,000) |
| Fair value of plan assets at end of year | <u>116,439,000</u> | <u>99,307,000</u> |
| Net liability recognized | <u>\$ (10,688,000)</u> | <u>\$ (31,468,000)</u> |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

7. Pension Plan and Thrift Plan (continued)

| | June 30 | |
|---|-------------------------------|------------------------|
| | 2017 | 2016 |
| Net amounts recognized on the consolidated balance sheets consist of: | | |
| Accrued pension costs | <u>\$ (10,688,000)</u> | <u>\$ (31,468,000)</u> |
| Amounts recognized in unrestricted net assets that have not been recognized in net periodic benefit costs consist of: | | |
| Net actuarial loss | <u>\$ 71,148,000</u> | <u>\$ 79,825,000</u> |

The following table sets forth the weighted average assumptions used to determine the benefit obligations:

| | June 30 | |
|-------------------------------|----------------|-------------|
| | 2017 | 2016 |
| Discount rate | 3.70% | 3.40% |
| Rate of compensation increase | N/A | N/A |

The following table sets forth the weighted average assumptions used to determine the net periodic benefit cost:

| | Year Ended June 30 | |
|--------------------------------|---------------------------|-------------|
| | 2017 | 2016 |
| Discount rate | 3.40% | 4.15% |
| Expected return on plan assets | 7.50 | 7.50 |
| Rate of compensation increase | N/A | N/A |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

7. Pension Plan and Thrift Plan (continued)

The net periodic pension benefit cost included the following components:

| | June 30 | |
|--|-----------------------|-----------------------|
| | 2017 | 2016 |
| Service cost | \$ — | \$ — |
| Interest cost | 4,340,000 | 4,931,000 |
| Expected return on plan assets | (8,419,000) | (7,830,000) |
| Amortization of prior service cost | — | — |
| Recognized net actuarial loss | 1,534,000 | 1,172,000 |
| Loss recognized from partial settlement of projected benefit obligation | — | — |
| Net periodic credit | \$ (2,545,000) | \$ (1,727,000) |

The estimated net loss of the defined benefit pension plan that will be amortized from unrestricted net assets into net periodic benefit cost over the next fiscal year is \$1,518,000.

The Hospital's defined benefit plan invests in a diversified mix of traditional asset classes. Investments in certain types of U.S. equity securities and fixed-income securities are made to maximize long-term results while recognizing the need for adequate liquidity to meet ongoing benefit and administrative obligations. Risk tolerance of unexpected investment and actuarial outcomes is continually evaluated by understanding the pension plan's liability characteristics. Equity investments are used primarily to increase the overall plan returns. Debt securities provide diversification benefits and liability hedging attributes that are desirable, especially in falling interest rate environments.

The Hospital's target asset allocation percentages as of June 30, 2017, were as follows: 35.0% investment grade bonds, 20.0% international equity, 25.0% large cap domestic stocks, 10.0% small cap domestic stocks, and 10.0% hedge funds and exchange-traded notes.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

7. Pension Plan and Thrift Plan (continued)

The following tables present the fair value hierarchy of assets of the defined benefit pension plan at June 30.

| | 2017 | | | |
|---------------------------|-----------------------|---|--|--|
| | Total | Quoted Prices in Active Markets for Identical Assets Level 1 | Significant Other Observable Inputs Level 2 | Significant Unobservable Inputs Level 3 |
| Assets | | | | |
| Cash and cash equivalents | \$ 2,102,000 | \$ — | \$ 2,102,000 | \$ — |
| Mutual funds: | | | | |
| Equity | 42,532,000 | 42,532,000 | — | — |
| Corporate bonds | 28,035,000 | 28,035,000 | — | — |
| Government bonds | — | — | — | — |
| International equity | 14,515,000 | 14,515,000 | — | — |
| International bonds | 10,456,000 | 10,456,000 | — | — |
| Exchange-traded notes | — | — | — | — |
| Equity closed-end funds | 5,236,000 | 5,236,000 | — | — |
| Collective funds: | | | | |
| International equity | 9,136,000 | — | 9,136,000 | — |
| Managed partnerships: | | | | |
| Hedge funds | 4,427,000 | — | 4,427,000 | — |
| | \$ 116,439,000 | \$ 100,774,000 | \$ 15,665,000 | \$ — |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

7. Pension Plan and Thrift Plan (continued)

| | 2016 | | | |
|---------------------------|----------------------|---|---|--|
| | Total | Quoted Prices in Active Markets for Identical Assets Level 1 | Significant Other Observable Inputs Level 2 | Significant Unobservable Inputs Level 3 |
| Assets | | | | |
| Cash and cash equivalents | \$ 3,464,000 | \$ — | \$ 3,464,000 | \$ — |
| Mutual funds: | | | | |
| Equity | 35,961,000 | 35,961,000 | — | — |
| Corporate bonds | 14,463,000 | 14,463,000 | — | — |
| Government bonds | 8,388,000 | 8,388,000 | — | — |
| International equity | 17,896,000 | 17,896,000 | — | — |
| International bonds | 9,356,000 | 9,356,000 | — | — |
| Exchange-traded notes | 5,608,000 | 5,608,000 | — | — |
| Managed partnerships: | | | | |
| Hedge funds | 4,171,000 | — | 4,171,000 | — |
| | <u>\$ 99,307,000</u> | <u>\$ 91,672,000</u> | <u>\$ 7,635,000</u> | <u>\$ —</u> |

Level 1 securities primarily consist of exchange-traded mutual funds. Level 2 securities primarily consist of money market funds and hedge funds. Methods consistent with those discussed in Note 5 are used to estimate the fair values of these securities.

The overall expected rate of return on assets assumptions was based on historical returns, with adjustments made to reflect expectations of future returns. The extent to which the future expectations were recognized considered the target rates of returns for the future, which have historically not changed.

The Hospital currently intends to make voluntary contributions to the defined benefit pension plan of \$4,800,000 in fiscal year 2018.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

7. Pension Plan and Thrift Plan (continued)

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

| | |
|-----------|--------------|
| 2018 | \$ 6,592,000 |
| 2019 | 7,307,000 |
| 2020 | 7,256,000 |
| 2021 | 7,648,000 |
| 2022 | 8,225,000 |
| 2023–2027 | 36,514,000 |

In addition to the non-contributory defined benefit pension plan, the Hospital also offers an employee thrift plan. Participation in the plan is voluntary. Substantially all full-time employees of the Hospital are eligible to participate. Employees may elect to contribute a minimum of 1% of compensation, and a maximum amount as determined by Sections 403(b) and 415 of the Internal Revenue Code. Any employee making contributions to the plan is entitled to a Hospital contribution that will match the employee contribution at the rate of 50% to 75%, depending on the number of years of service, up to a maximum of 5% of qualified compensation. Matching contributions under this thrift plan were \$5,010,000 and \$3,933,000 in fiscal years 2017 and 2016, respectively.

8. Concentrations of Credit Risk

Certain members of the Group grant credit without collateral to their patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors prior to consideration of an allowance for doubtful accounts was as follows:

| | June 30 | |
|---------------------------------|----------------|-------------|
| | 2017 | 2016 |
| Medicare | 26% | 25% |
| Medicaid | 5 | 6 |
| Blue Cross | 20 | 21 |
| Commercial, HMO, PPO, and other | 32 | 30 |
| Patients | 17 | 18 |
| | 100% | 100% |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

9. Malpractice Insurance Costs and Self-Insured Professional Liability

Until August 1, 1998, the Group maintained insurance coverage for general and professional liability claims on a claims-made basis. The professional liability coverage included a per-case deductible of \$250,000, up to a maximum out-of-pocket amount of \$750,000 annually. Effective August 1, 1998, the Group changed its professional liability coverage to a full coverage claims-made policy with no annual deductibles. This policy included tail coverage for claims incurred prior to August 1, 1998, but reported subsequently. Effective August 1, 2002, the Group changed its professional liability coverage back to a claims-made policy with a per-case deductible of \$250,000, up to a maximum out-of-pocket amount of \$750,000 annually. Also, the Group did not purchase tail coverage for claims incurred prior to August 1, 2002, that were not yet reported.

Effective March 1, 2004, the Group changed its professional liability coverage to a self-insurance trust with annual exposure limits of \$2,000,000 per claim and \$11,000,000 in the aggregate. The Group carried an excess liability insurance policy for claims above these limits.

Effective July 1, 2005, Cottage was formed as a captive insurer to provide professional liability insurance for the Group. Cottage is a wholly owned subsidiary of the System, which was formed in the Cayman Islands. The primary layer of professional and general liability insurance coverage is self-insured through Cottage and the secondary layer is fully reinsured through several highly rated commercial carriers.

For the period from July 1, 2005 to June 30, 2009, Cottage issued claims-made policies covering Hospital professional liability (including employed physicians) and on an occurrence basis, comprehensive general liability risks of the Parent and certain affiliates. Policy limits were \$2,000,000 per claim with a \$9,000,000 policy aggregate. Effective July 1, 2005, Cottage assumed existing liabilities from the System's self-insured trust discussed above on a claims-made basis. Effective July 1, 2009, Cottage issued a claims-made policy providing \$2,000,000 per claim for Hospital professional liability coverage and \$1,000,000 per claim for comprehensive general liability coverage, subject to a consolidated annual aggregate limit of \$10,000,000.

For the period from July 1, 2005 to June 30, 2008, Cottage also issued an excess umbrella coverage policy (covering Hospital professional liability) with limits of \$20,000,000 per claim with a policy aggregate. For claims reported on and subsequent to July 1, 2008, the coverage limit provided is \$30,000,000 per claim with a policy aggregate. These excess limits are in excess of the primary policy, and the umbrella policies are 100% reinsured with highly rated third-party commercial reinsurers.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

9. Malpractice Insurance Costs and Self-Insured Professional Liability (continued)

The provision for estimated professional liability claims, general liability claims, and workers' compensation claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported. As of June 30, 2017 and 2016, the balance for outstanding claims reserves recorded at Cottage is \$42,138,000 and \$21,224,000 and reinsurance receivable is \$26,090,000 and \$7,523,000, respectively. The remaining tail liability for claims incurred but not reported is \$5,982,000 and \$5,114,000 as of June 30, 2017 and 2016, respectively, with \$5,220,000 of the 2017 liability and \$4,352,000 of the 2016 liability recorded at the Hospital. The remainder of the liability is recorded at PE. The Group has employed an independent actuary to estimate the ultimate settlement of such claims. In management's opinion, the amounts recorded provide an adequate reserve for loss contingencies. However, changes in circumstances affecting professional liability claims could cause these estimates to change by material amounts in the short term.

10. Commitments and Contingencies

Operating Leases

Various members of the Group have operating leases for storage space, equipment, and offices. During 2017 and 2016, rent expense for these leases was approximately \$10,423,000 and \$10,669,000, respectively. Future minimum annual rental payments under non-cancelable operating leases, which expire through 2022, are as follows:

| | |
|------------|----------------------|
| 2018 | \$ 9,538,000 |
| 2019 | 7,516,000 |
| 2020 | 6,345,000 |
| 2021 | 4,744,000 |
| 2022 | 2,187,000 |
| Thereafter | 3,745,000 |
| | <u>\$ 34,075,000</u> |

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

10. Commitments and Contingencies (continued)

Contracted Construction Commitments

Members of the Group have future construction commitments with outside contractors for various projects totaling \$770,000 and \$3,563,000 as of June 30, 2017 and 2016, respectively.

Contingencies

Members of the Group have been named as defendants in various legal proceedings arising from the performance of their normal activities. In the opinion of management, after consultation with legal counsel and after consideration of applicable insurance, the amount of the Group's ultimate liability under all current legal proceedings will not have a material adverse effect on its consolidated financial position or results of operations.

The Group's revenues may be subject to adjustment as a result of examination by government agencies or contractors, based upon differing interpretations of government regulations, medical diagnoses, charge coding, medical necessity, or other contract terms. The resolution of these matters, if any, often is not finalized until subsequent to the period during which the services were rendered. Section 302 of the Tax Relief and Health Care Act of 2006 authorized a permanent program involving the use of third-party recovery audit contractors (RACs) to identify Medicare overpayments and underpayments made to providers. Management has established protocols to respond to RAC requests and payment denials. Payment recoveries resulting from RAC reviews are appealable through administrative and judicial processes, and management intends to pursue the reversal of adverse determinations where appropriate. In addition to overpayments that are not reversed on appeal, management will incur additional costs to respond to requests for records and pursue the reversal of payment denials. As of June 30, 2017 and 2016, the Group has recorded an estimated reserve regarding the Medicare overpayments. In the opinion of the Group's management, the ultimate settlement of this matter will not have a material adverse effect on the consolidated financial position of the Group.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

11. Functional Expenses

Members of the Group provide general health care services to residents within their service area. Expenses related to providing these services are as follows:

| | Year Ended June 30 | |
|----------------------------|------------------------------|-----------------------|
| | 2017 | 2016 |
| Health care services | \$ 547,497,000 | \$ 522,022,000 |
| General and administrative | 142,519,000 | 120,628,000 |
| | <u>\$ 690,016,000</u> | <u>\$ 642,650,000</u> |

12. Fair Value of Financial Instruments

The carrying amounts of cash and cash equivalents, patient receivables, prepaid expenses and other current assets, accounts payable, accrued salaries, wages and benefits, other accrued expenses, and advances from third-party payors approximate fair value, given the short-term nature of these financial instruments or their methods of valuation. The following methods and assumptions were used by the Group in estimating the fair value of other financial instruments.

Investments and Assets Whose Use Is Limited

Fair values are based on quoted market prices, if available, or estimated using quoted market prices for similar securities.

Pledges Receivable

The Group estimates that the carrying value of pledges receivable approximates fair value, given the discount rates applied.

Long-Term Debt

Fair values of the Group's long-term fixed-rate debt are established using discounted cash flow analyses, based on the Group's current incremental borrowing rates for similar types of borrowing arrangements. The carrying amount of the Group's long-term variable-rate debt approximates fair value. The estimated fair value of all long-term debt at June 30, 2017 and 2016, was \$409,336,000 and \$433,667,000, respectively.

Anne Arundel Health System, Inc. and Subsidiaries

Notes to Consolidated Financial Statements (continued)

13. Temporarily Restricted Net Assets

At June 30, 2017 and 2016, temporarily restricted net assets are restricted for use, as follows:

| | <u>2017</u> | <u>2016</u> |
|-----------------------------|----------------------|----------------------|
| Hospital capital additions | \$ 5,615,000 | \$ 4,408,000 |
| Hospital operating programs | 9,007,000 | 8,620,000 |
| | <u>\$ 14,622,000</u> | <u>\$ 13,028,000</u> |

14. Subsequent Events

The Group has evaluated the impact of subsequent events through September 28, 2017, representing the date at which the accompanying consolidated financial statements were issued.
