

TAX RETURN FILING INSTRUCTIONS

PUBLIC INSPECTION COPY

Prepared by	Grant Thornton LLP 2001 Market Street, Suite 700 Philadelphia, PA 19103
Special Instructions	Returns should be signed and dated by the appropriate officer(s). Exempt organizations are required to provide copies of their most recent Forms 990, and their Application for Recognition of Exemption (Form 1023 or 1024) for public inspection upon request. Charities must also make available Forms 990-T filed after August 17, 2006. Schedules, attachments, and supporting documents filed with Form 990-T that do not relate to the imposition of unrelated business income tax are not required to be made available for public inspection and copying (e.g. Form 5471, <i>Information Return of U.S. Persons With Respect to Certain Foreign Corporations</i> and Form 8886, <i>Reportable Transaction Disclosure Statement</i>). Forms 990 and 990-T must be made available for the three-year period beginning on the last day prescribed for filing such return (determined with regard to any extension of time for filing). The names of any contributors should not be disclosed, so we have deleted them.
Application for Recognition of Exemption	The copy of the Application for Recognition of Exemption must include any papers submitted in support of such application and any letter or other document issued by the Internal Revenue Service with respect to such application. An organization that submitted its Form 1023 or 1024 on or before July 15, 1987 must make this form available for public inspection only if they had a copy of the Application on July 15, 1987.
Requests made in person	If the request is made in person, the organization must respond by the end of the business day.
Requests made in writing	If the request is made in writing, the organization must respond within 30 days.
Fees charged for copies	The organization can make a reasonable charge for copying and posting. The regulations limit the copying charge to that charged by the IRS for providing copies, currently \$0.20 for each page.
What if we post Form 990 on our website?	The requirement to provide copies can be eliminated if the organization posts the relevant documents on its web site. The public must be able to download the documents and print them in the exact form they were filed with the IRS (except for disclosing contributors). The download must be free and use software that is available without charge. Even if the documents are posted on the web, the organization must still have a copy available for inspection at its offices.
What if we fail to comply with requests?	The IRS may impose significant monetary penalties on an organization that does not adhere to the disclosure requirements.
