

MedStar St. Mary's Hospital

FY 2018 Community Benefit Narrative Report

PART ONE: ORIGINAL NARRATIVE SUBMISSION

COMMUNITY BENEFIT NARRATIVE REPORTING INSTRUCTIONS

The Maryland Health Services Cost Review Commission's (HSCRC's or Commission's) Community Benefit Report, required under §19-303 of the Health General Article, Maryland Annotated Code, is the Commission's method of implementing a law that addresses the growing interest in understanding the types and scope of community benefit activities conducted by Maryland's nonprofit hospitals.

The Commission developed a two-part community benefit reporting system that includes an inventory spreadsheet that collects financial and quantitative information and a narrative report to strengthen and supplement the inventory spreadsheet. The guidelines and inventory spreadsheet were guided, in part, by the VHA, CHA, and others' community benefit reporting experience, and was then tailored to fit Maryland's unique regulatory environment. This reporting tool serves as the narrative report. The instructions and process for completing the inventory spreadsheet remain the same as in prior years. The narrative is focused on (1) the general demographics of the hospital community, (2) how hospitals determined the needs of the communities they serve, (3) hospital community benefit administration, and (4) community benefit external collaboration to develop and implement community benefit initiatives.

The Commission moved to an online reporting format beginning with the FY 2018 reports. In this new template, responses are now mandatory unless marked as optional. Questions that require a narrative response have a limit of 20,000 characters. This report need not be completed in one session and can be opened by multiple users.

For technical assistance, contact HCBHelp@hilltop.umbc.edu.

Q2. Please confirm the information we have on file about your hospital for FY 2018.

	Is this informa	tion correct?	
	Yes	No	If no, please provide the correct information here:
The proper name of your hospital is: MedStar St. Mary's Hospital.	0	О	St. Mary's Hospital of St Mary's County Inc DBA Medstar St Mary's Hospital
Your hospital's ID is: 210028	0	О	
Your hospital is part of the hospital system called MedStar Health.	0	О	
Your hospital was licensed for 109 beds during FY 2018.	6	О	
Your hospital's primary service area includes the following zip codes: 20650, 20653, 20659.	O	•	ADD: 20619, 20636
Your hospital shares some or all of its primary service area with the following hospitals: none.	©	О	

Q3. The next two questions ask about the area where your hospital directs its community benefit efforts, called the Community Benefit Service Area. You may find these community health statistics useful in preparing your responses.

Q4. (Optional) Please describe any other community health statistics that your hospital uses in its community benefit efforts.

tached are the most recent data sets to reflect demographics of the County and the Community Benefit Service Area.	

Q5. (Optional) Please attach any files containing community health statistics that your hospital uses in its community benefit efforts.

72. When did this initiative begin?	
07/01/2015	
73. Does this initiative have an anticipated end date?	
The initiative will end on a specific end date. Please specify the date.	
The initiative will end when a community or population health measure reaches a target	et value. Please describe.
Behavioral health and substance use matters are ongoing	
needs for the community. Additionally, the Local Health Improvement Coalition (LHIC) continues to identify these	
two areas as having an ongoing need in St. Mary's County and as a result, will continue to be addressed until	
improvement is attained.	
The initiative will end when a clinical measure in the hospital reaches a target value. P	lease describe.
The initiative will end when external grant money to support the initiative runs out. Plea	ase explain.
,	
The initiative will end when a contract or agreement with a partner expires. Please exp	lain.
Other. Please explain.	
Other. Please explain.	
74. Enter the number of people in the population that this initiative targets.	
The adult population of St. Mary's County, which is our target specific to binge drinking, is	estimated at 83,092. Data shows that 24% of adults report binge drinking within the previous 30 days. As
such, we estimate this initiative targeted 19,942 individuals within the population.	
75. Describe the characteristics of the target population.	
Overall demographics for the entire population of St. Mary's County in 2017, which is inclu American, 4,939 are Hispanic, and 3,610 are two or more races. The Median income for the	usive of the target population, is as follows: total of 112,667, of which 87,669 are white, 15,568 are African he County is \$86,810 with the poverty level at 9.1% and adults (25+) with a college degree is 30.1%.
, , , , , , , , , , , , , , , , , , ,	,
76. How many people did this initiative reach during the fiscal year?	
4,510	
 What category(ies) of intervention best fits this initiative? Select all that apply. 	
Chronic condition-based intervention: treatment intervention	

Q78. Did you work with other individuals, groups, or organizations to deliver this initiative?

Yes. Please describe who was involved in this initiative.

Behavioral health and substance use programs are community-wide initiatives. Our partners on this initiative include, but are not limited to, the following organizations: Behavioral Health Action Team (BHAT), Community-Based Mental Health Agencies, St. Mary's County Behavioral Health Authority, Walden (substance use and behavioral health), and Pathways (behavioral health).

No.

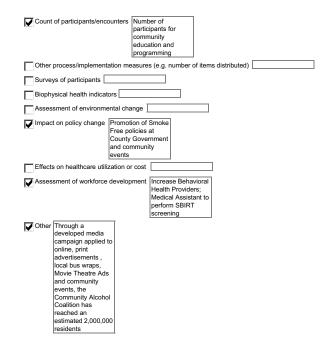

Q79. Please describe the primary objective of the initiative

The primary objectives of this combined initiative were to 1) recruit an outpatient psychiatrist to serve St. Many's County (residents and those seeking care in this county); 2) to decrease alcohol use among youth and decrease the number of youth and young adults who report binge drinking; and 3) decrease the percentage of adult smokers, students and use of electronic vapor products.

Q80. Please describe how the initiative is delivered.

This initiative is delivered through three main focus areas. (1) Behavioral Health - MSMH entered into a contract with Axis Health to provide psychiatric services in our CBSA-East Run Medical Center. Currently, there is a full-lime therapist and psychiatrist providing medication management and first-lime assessments for patients. (2) Domestic Violence - MSMH continues to support victims of domestic violence by offering forensic examinations, referrals for community-based resource, and emergency transportation and sheltering for patients in need. MSMH partnered with the local public school system to offer programs that address Teen Dating Violence in an effort to educate young people who are beginning to date. (3) Substance Use - In November of FY 2018, MSMH began the implementation of the evidence-based, Screening, Brief Intervention, and Referral to Treatment (SBIRT) used to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and lilicit drugs. This screening tool is being used at three medical offices (MedStar Medical Groups) as well as within the Emergency Department. In addition, MSMH served as the Chair of the Community Alcohol Coalition in FY 2018. Working with local alcohol retail establishments, this initiative targeted service to minors through media campaigns on the costs associated with serving minors and incentivized those establishments that strictly enforced carding of all patrons. Additional outreach was conducted through school-based events (Project Graduation, Open House events, etc.) to remind parents and students of the impacts of binge and/or underage drinking. Advertisements were also ongoing through the local Movie Theater promoting. "Can you afford it?" or "On't be that upy?" messages aimed at parents, young adults, and teenagers. Finally, MSMH staff are also members of the Tobacco Free Living team that has supported programs such as the annual Great American Smoke Out as well as supported programs such as the annual Great American Smoke Out as well as supporte

Q81. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply.

Behavioral Health providers, specifically in the CBSA, has increased with the addition of Axis Health services that have been contracted through MedStar St. Mary's Hospital, for the provision of psychiatric services including medication management and therapy. For FY18, MSMH has served 49,643 patients in the Emergency Department. Of those, 15,785 (or 32%) were behavioral health visits. The ED also served 406 patients for suicidal ideation, 649 patients were served for addiction related services. In review of available data sources for youth consumption of alcohol, St. Mary's County has not seen a reduction in consumption among students within the past 30 days. We recognize, however, the initiatives that were implemented in FY 2018, will not have analyzed data for almost 2 years, per the Youth Risk Behavior Survey which comes out every two years. Through the Tobacco Free Living (TFL) initiative, St. Mary's County partnering agencies, including MSMH, have promoted the benefits of smoke-free campuses. In FY18, St. Mary's County fovernment agreed to make their County Government Campus smoke free beginning in the Fall of 2018. Additionally, three local churches have implemented, "Smoke Free Holy Grounds" as well as the implementation of a Smoke & Vape-Free day at county-based events such as the County Fair Additionally, data reflects the percentage of adult smokers in St. Mary's County is 16.8% compared to 20.9% reported in this same report for FY 2017. Though Fax To Assist has not been hard-wired at MSMH, appropriate referrals and treatment for patients who use tobacco and desire to quit are accomplished through other community-based programs. Finally, through our efforts to reduce prescription misuse, our partners with the St. Mary's County Sheriff's Office (SMCSO) have collected prescription medications at multiple community events, including those supported by MSMH. In the first half of the year, the SMCSO collected 198,754 individual prescription pills that were voluntarily submitted for proper disposal. For th

Q83. Please describe how the outcome(s) of the initiative addresses community health needs.

Through the addition of Behavioral Health Services in the CBSA of Lexington Park, Maryland, residents have better access to services that were previously not available in this area of the county. Through the provision of services, the community will be able to address behavioral health matters which also lend to better physical health. MSMH estimates reaching more than 2 million people within St. Mary's County. Through billboards and public transportation wraps that address the impact of binge drinking as well as the cost associated with contributing alcohol to minors, citizens traveling in, out and around the community will view the ads which serve as a reminder of the impacts of these actions. Additionally, during FY18, the Community Alcohol Coalition utilized paid advertisement in the local movie theater. The advertisement slots addressed underage and binge drinking and were run before the start of movies rated PG-13 and higher. These ads ran for approximately 6 weeks in more than 1,500 movies. The local theater reported more than 50,000 movies. The local theater reported more than 50,000 movies or, using this time frame, were exposed to the advertisements. Youth and adult binge drinking, if ongoing, can result in physical health concerns such as issues with liver function as well as addiction and depression for those consuming or impacted by those consuming. By focusing on prevention activities, educating the general public will bring awareness to this initiative and utilitately reduce access and prevent ongoing consumption thus improving overall health outcomes, specifically for youth and young adults who partake in binge drinking. By reducing the use tobacco and/or vapor based nicotine products, residents of the county may have lower incidents of cardiopulmonary disorders including but not limited to Asthma, COPD, as well as illnesses such as bronchitis which could result in the loss of work hours and wages or school absences.

Q84. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately. Psychiatry Subsidy = \$486,128.00; Community Alcohol Coalition = \$93.00. Q85. (Optional) Supplemental information for this initiative Q86. Initiative 2 Q87. Name of initiative Access to Care: Primary Care Providers Q88. Does this initiative address a need identified in your CHNA? Yes O No Q89. Select the CHNA need(s) that apply. Access to Health Services: Health Insurance Heart Disease and Stroke Access to Health Services: Practicing PCPs Access to Health Services: Regular PCP Visits Immunization and Infectious Diseases Access to Health Services: ED Wait Times Injury Prevention Lesbian, Gay, Bisexual, and Transgender Health Adolescent Health Maternal and Infant Health Arthritis, Osteoporosis, and Chronic Back Conditions Blood Disorders and Blood Safety Mental Health and Mental Disorders Cancer Nutrition and Weight Status Chronic Kidney Disease Older Adults Community Unity Oral Health Dementias, Including Alzheimer's Disease Physical Activity Diabetes Preparedness Disability and Health Respiratory Diseases Educational and Community-Based Programs Sexually Transmitted Diseases Emergency Preparedness Sleep Health Environmental Health Social Determinants of Health Family Planning Substance Abuse Food Safety Telehealth Genomics Tobacco Use Global Health Violence Prevention Health Communication and Health Information Technology Vision Health-Related Quality of Life and Well-Being Wound Care

Hearing and Other Sensory or Communication Disorders	Other. Please specify.
Q90. When did this initiative begin?	
07/01/2015	
Q91. Does this initiative have an anticipated end date?	
The initiative will end on a specific end date. Please specify the date.	
The initiative will end when a community or population health measure reaches	a target value. Please describe.
Based on the 2015 Community Health Needs Assessment,	
access to care was a primary concern specific to primary care providers and dental services. Though there have been increases within the county, this continues to be an ongoing need for this community.	
The initiative will end when a clinical measure in the hospital reaches a target va	alue. Please describe.
The initiative will end when external grant money to support the initiative runs or	ut. Please explain.
The initiative will end when a contract or agreement with a partner expires. Plea	ise explain.
Other. Please explain.	
Q92. Enter the number of people in the population that this initiative targets.	
This initiative targets 23 973 individuals, which is the total number of residents locate	ted in MSMH's CBSA, Lexington Park, MD. The patient to provider ratio for this CBSA is 2650:1, a significant
increase from the previous year. This also leads to St. Mary's County being designa	
Q93. Describe the characteristics of the target population.	
Residents of this portion of the county are 28% African American. 59.8% White, and	d 4.6% two or more races. 14.7% are identified as living below the poverty level with the median household
income is \$70,824 annually.	ů , ,
Q94. How many people did this initiative reach during the fiscal year?	
204. How many people did this initiative reach during the lisear year:	
11,765	
Q95. What category(ies) of intervention best fits this initiative? Select all that apply.	
Chronic condition-based intervention: treatment intervention	
Chronic condition-based intervention: prevention intervention	
Acute condition-based intervention: treatment intervention	
Acute condition-based intervention: prevention intervention	
Condition-agnostic treatment intervention	
Social determinants of health intervention	
Community engagement intervention	
Other. Please specify.	

Q96. Did you work with other individuals, groups, or organizations to deliver this initiative?

Yes. Please describe who was involved in this initiative.
Key partners for the Access to Care initiative include, but
were not limited to: AccessHealth Partner organizations, St. Mary's County Health Department, St. Mary's County
Department of Social Services, Three Oaks Homeless
Shelter (Medical Respite program), and Health Share (provided funding for dental van programming).
protect thang to contain an programming.
C No.
Q97. Please describe the primary objective of the initiative.
The primary objective of this initiative was to increase the number of Primary Care Physicians as well as access to these services, specific to our Health Care Provider Shortage Area (previously
designated Health Enterprise Zone).
Q98. Please describe how the initiative is delivered.
In FY18, the MedStar St. Mary's Primary Care Office located in Lexington Park, Maryland expanded the number of providers to a total of six providers including three Physicians, two Physician's Assistants and one Nurse Practitioner. In addition to medical providers, dental services were provided to the uninsured population through our Mobile Dental Unit. Finally, patients who had social
barriers to their health care were connected with Community Health Workers who assisted patients in securing services and assistance through other community partners and agencies. These
services included transportation for medical appointments.
Q99. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply.
Count of participants/encounters Primary care
provider expansion, transportation
services, and dental dinic services
Other process/implementation measures (e.g. number of items distributed)
Surveys of participants
Biophysical health indicators
Assessment of environmental change
Impact on policy change
Effects on healthcare utilization or cost
Assessment of workforce development

Connecting patients to available Primary Care Physicians or dentists reduce unnecessary visits to the Emergency Room thus reducing wait times and visits that could be conducted within the office setting. By reducing transportation barriers and the incidents of missed appointments, patients will receive the care they need, when they need it, again, reducing unnecessary utilization of hospital services. C102. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately. East Run Medical Center Capital and Operating costs = \$2,034,275.00; Get Connected to Health = \$122,666.00; Primary Care Subsidy: \$534,560.00; Women's and Children's Subsidy = \$1,029,801.00.
In FY18, 11,767 residents were served as a result of this initiative. This number includes medical appointments through the Primary Care Office, patient transports to medical appointments, and dental service encounters. Through the expansion of providers and better access through transportation services, the providers were able to see more patients during the fiscal year with fewer "No-Shows" as a result of access. Additionally, the mobile dental program allowed patients to receive oral health care they would have gone without due to inability to pay for cleanings, x-rays, and various procedures offered in the weekly mobile clinic offered in the CBSA. 2/101. Please describe how the outcome(s) of the initiative addresses community health needs. Connecting patients to available Primary Care Physicians or dentists reduce unnecessary visits to the Emergency Room thus reducing wait times and visits that could be conducted within the office setting. By reducing transportation barriers and the incidents of missed appointments, patients will receive the care they need, when they need it, again, reducing unnecessary utilization of hospital services. 2/102. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately. East Run Medical Center Capital and Operating costs = \$2,034,275.00; Get Connected to Health = \$122,666.00; Primary Care Subsidy: \$534,560.00; Women's and Children's Subsidy = \$1,029,801.00. 2/103. (Optional) Supplemental information for this initiative.

Q108. When did this initiative begin?	
07/01/2015	
Q109. Does this initiative have an anticipated end date?	
The initiative will end on a specific end date. Please specify the	ne date.
The initiative will end when a community or population health	measure reaches a target value. Please describe.
Support groups will continue as determined by the 2018 Community Health Needs Assessment. Programs in their curent capacity will continue to operate beyond FY18 through community partnership and engagement.	
The initiative will end when a clinical measure in the hospital in	reaches a target value. Please describe.
The initiative will end when external grant money to support the	ne initiative runs out. Please explain.

Q110. Enter the number of people in the population that this initiative targets.

The initiative will end when a contract or agreement with a partner expires. Please explain.

The rate of Emergency Department visits due to hypertension in St. Mary's County is 314.6/100,000 people, compared to the State at 234/100,000. Prevalence of high blood pressure in St. Mary's County is at 30% and prevalence of high cholesterol is at 41%. The county's Medicare population has a higher prevalence of diabetes and chronic kidney disease as compared to the Medicare population at a national level.

Other. Please explain.

	۰.

211	5. F	Please describe the primary objective of the initiative.
Б	he	primary objectives for this initiative include: 1) Provide staff for support group and educational programming for Alzheimer's diseases and dementia; 2) Expand the National Diabetes
F	rev	vention Programs and Chronic Disease Self Management Program (CDSMP); and 3) Participate in monthly Healthy Eating Active Living (HEAL) meetings of the Healthy St. Mary's thership.
Ľ	and	undang.
211	6. F	Please describe how the initiative is delivered.
		grams and support groups have been offered in multiple locations throughout the county. Through our partnership with a local Memory Care Center, we have offered the Alzheimer's and nentia support group to a larger amount of participants than in previous years. Through the expansion of CDSMP to the Lexington Park region, we are beginning to reach participants who could
r	ot	normally attend the program in the evening or at the main hospital campus. Finally, through the work with the HEAL team, 892 participants enrolled in the More to Explore program which motes outdoor activities like hiking and walking to designated locations throughout the county. This effort was developed to improve obesity rates among children and adults alike.

The target population for this initiative includes residents of St. Many's County that are in need of chronic disease support groups, education and programming to help them manage their condition.

Through the continuation of existing programs as well as the expansion of community-based programs and education to more facilities, MSMH anticipates a reduction in the prevalence of diabetes among minority populations, along with impacting the number of Emergency Department visits due to hypertension. Obesity rates could also be impacted as children and their caregivers become more active within the community.

Q119. Please describe how the outcome(s) of the initiative addresses community health needs.

Through available programming efforts, the community will have the opportunity to receive education that could reduce their incidence of chronic diseases as well as help them manage any existing conditions in an effort to avoid further health complications. Through education and management of their condition, along with support services, residents of the county will have the tools needed to improve their physical health and prolong the onset of chronic diseases especially for those with a family history of chronic diseases.

Q120. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately.

Total cost = \$151,486. Total cost includes the following initiatives/programs: Arthritis = \$2,583; Cancer = \$6,747; Cardiac = \$10,858; Chronic Disease Self-Management Program = \$77,539; Diabetes = \$11,843; East Run Center = \$190; Health Fairs = \$15,442; National Diabetes Prevention Program = \$15,259; Support Groups (other) = \$11,025.

Q121. (Optional) Supplemental information for this initiative.

Q122. (Optional) Additional information about initiatives.

Q123. (Optional) If you wish, you may upload a document describing your community benefit initiatives in more detail, or provide descriptions of additional initiatives your hospital undertook during the fiscal year. These need not be multi-year, ongoing initiatives.

Q124. Were all the needs identified in your CHNA addressed by an initiative of your hospital?

Yes

population)

○ No

Q125. Please check all of the needs that were NOT addressed by your community benefit initiatives.

This question was not stigraped to the respondent.

Q126. How do the hospital's community benefit operations/activities align with the State Health Improvement Process (SHIP)? The State Health Improvement Process (SHIP) seeks to provide a framework for accountability, local action, and public engagement to advance the health of Maryland residents. The SHIP measures represent what it means for Maryland to be healthy. Website: http://ship.md.networkofcare.org/ph/index.aspx. To the extent applicable, please explain how the hospital's community benefit activities align with the goal in each selected measure.

Enter details in the text box next to any SHIP goals that apply.

Reduce infant mortality	
Reduce rate of sudden unexpected infant deaths (SUIDs)	
Reduce the teen birth rate (ages 15-19)	
Increase the % of pregnancies starting care in the 1st trimester	
Increase the proportion of children who receive blood lead screenings	
Increase the $\%$ of students entering kindergarten ready to learn	
Increase the %of students who graduate high school	
Increase the % of adults who are physically active	
Increase the % of adults who are at a healthy weight	MSMH implements the National Diabetes Prevention Program which shares the aim of increasing the percentage of adults who are at a healthy weight.
Reduce the % of children who are considered obese (high school only)	
Reduce the % of adults who are current smokers	Through our representation with the Tobacco Free Living team, MSMH promotes the importance of quitting smoking through offering locations for smoking cessation classes in our Lexington Park office to reach a larger population of residents.
Reduce the % of youths using any kind of tobacco product (high school only)	The Tobacco Free Living team, which MSMH is a member of, makes efforts to inform students of the dangers of smoking and/or vaping through education and outreach during school-based events.
Reduce HIV infection rate (per 100,000 population)	
Reduce Chlamydia infection rate	
Increase life expectancy	
Reduce child maltreatment (per 1,000 population)	
Reduce suicide rate (per 100,000)	
Reduce domestic violence (per 100,000)	
Reduce the % of young children with high blood lead levels	
Decrease fall-related mortality (per 100,000)	
Reduce pedestrian injuries on public roads (per 100,000	

Increase the % of affordable housing options	
Increase the % of adolescents receiving an annual	By increasing access to available physicians, pediatric patients will have greater opportunities to receive checkups which will allow
wellness checkup	caregivers address any potential health conditions or concerns.
Increase the % of adults with a usual primary care	
provider	
Increase the % of children receiving dental care	
Reduce % uninsured ED visits	
Reduce heart disease mortality (per 100,000)	
Reduce cancer mortality (per 100,000)	
Reduce diabetes-related emergency department visit rate (per 100,000)	By offering Chronic Disease Self Management Programs, including Living Well with Diabetes, along with the increase in providers in the region, patients will be less likely to utilize the Emergency Department for diabetic concerns that can be better managed within the community.
Reduce hypertension-related emergency department visit rate (per 100,000)	By offering Chronic Disease Self Management Programs throughout the community, as well as the increase in primary care providers in the region, patients will be less likely to utilize the Emergency Department for hypertension concerns that can be better managed within the community.
Reduce drug induced mortality (per 100,000)	
Reduce mental health-related emergency department	Through the expansion of behavioral health programs in the CBSA, patients will have appropriate access to services and will not utilize
visit rate (per 100,000) Reduce addictions-related emergency department visit	the ED unnecessarily.
rate (per 100,000)	
Reduce Alzheimer's disease and other dementias- related hospitalizations (per 100,000)	By providing Alzheimer's disease support groups, MSMH aims to reduce dementias-related hospitalizations.
Reduce dental-related emergency department visit rate	
(per 100,000)	
Increase the % of children with recommended vaccinations	
Increase the % vaccinated annually for seasonal	
influenza	
Reduce asthma-related emergency department visit rate (per 10,000)

MedStar Patient information Sheet.pdf 236.2KB application/pdf
Q134. What is your hospital's household income threshold for medically necessary free care? Please respond with ranges as a percentage of the federal poverty level (FPL).
MedStar Health will provide 100% Financial Assistance for medically necessary care provided the uninsured patients with household income between 0% and 200% of the FPL.
Q135. What is your hospital's household income threshold for medically necessary reduced cost care? Please respond with ranges as a percentage of the FPL. MedStar Health will provide Partial Financial Assistance for medically necessary care provided to uninsured patients with household incomes between 200% and 400% of the FPL.
Q136. What are your hospital's criteria for reduced cost medically necessary care for cases of financial hardship? Please respond with ranges as a percentage of the FPL and household income. For example, household income between 301-500% of the FPL and a medical debt incurred over a 12-month period that exceeds 25 percent of household income.
Based on household income and family size, the percentage of the then-current Federal Poverty Level (FPL) for the patient will be calculated. MedStar Health will provide Partial Financial Assistance for medically necessary care provided to uninsured patients with household incomes between 200% and 400% of the FPL and 100% Financial Assistance for medically necessary care provided the uninsured patients with household income between 0% and 200% of the FPL.
Q137. Provide a brief description of how your hospital's FAP has changed since the ACA Expansion became effective on January 1, 2014.
Since the Affordable Health Care Act took effect, MedStar Health has made the following changes to its Financial Assistance Policy: (1) Includes state and federal insurance exchange navigators as resources for patients; (2) Defines underinsured patients who may receive assistance; (3) Began placing annual financial assistance notices in newspapers serving the hospitals' target populations; (4) Added section 2 under responsibilities.
Q138. (Optional) Is there any other information about your hospital's FAP that you would like to provide?
Q139. (Optional) Please attach any files containing further information about your hospital's FAP.
Q140. You have reached the end of the questions, but you are not quite finished. When you click the button below, you will see a page with all of your answers together. You will see a link to download a pdf document of your answers, near the top of the page. You can download your answers to share with your leadership, board, or others as required by your internal processes. Your report will not be submitted to HSCRC until you have clicked the button at the bottom of the next page, the one with all your answers.

Data USA-Lexington Park Maryland Profile https://datausa.io/profile/geo/

lexington-park-md/

Primary Care HPSAs In 2015, Maryland had 32 primary care HPSA designations encompassing 791,181 residents (14 percent of the Maryland population). Garrett and Worcester counties had 100 percent of their populations residing in a primary care HPSA. In addition, seven jurisdictions - Allegany, Caroline, Dorchester, Prince George's, Saint Mary's, and Somerset counties, and Baltimore City - have a greater percentage of their populations residing in a primary care HPSA than the statewide percentage. Although Baltimore City had 11 of the state's 32 primary care designations, these designations encompassed 42.3 percent of the city's population.

Corporate Policies

Title:	Corporate Financial Assistance Policy	Section:	
Purpose:	To ensure uniform management of the MedStar Health Corporate Financial Assistance Program within all MedStar Health Hospitals.	Number:	
Forms:		Effective Date:	07/01/2016

Policy

- 1. As one of the region's leading not-for-profit healthcare systems, MedStar Health is committed to ensuring that uninsured patients and underinsured patients meeting medical hardship criteria within the communities we serve who lack financial resources have access to emergency and medically necessary hospital services. MedStar Health and its healthcare facilities will:
 - 1.1 Treat all patients equitably, with dignity, respect, and compassion.
 - 1.2 Serve the emergency health care needs of everyone who presents to our facilities regardless of a patient's ability to pay for care.
 - 1.3 Assist those patients who are admitted through our admission process for non-urgent, medically necessary care who cannot pay for the care they receive.
 - 1.4 Balance needed financial assistance for some patients with broader fiscal responsibilities in order to keep its hospitals' doors open for all who may need care in the community.

Scope

- 1. In meeting its commitments, MedStar Health's facilities will work with their uninsured patients seeking emergency and medically necessary care to gain an understanding of each patient's financial resources. Based on this information and eligibility determination, MedStar Health facilities will provide financial assistance to uninsured patients who reside within the communities we serve in one or more of the following ways:
 - 1.1 Assist with enrollment in publicly-funded entitlement programs (e.g., Medicaid).
 - 1.2 Refer patients to State or Federal Insurance Exchange Navigator resources.
 - 1.3 Assist with consideration of funding that may be available from other charitable organizations.
 - 1.4 Provide financial assistance according to applicable policy guidelines.
 - 1.5 Provide financial assistance for payment of facility charges using a sliding-scale based on the patient's household income and financial resources.
 - 1.6 Offer periodic payment plans to assist patients with financing their healthcare services.

Definitions

1. Free Care

100% Financial Assistance for medically necessary care provided to uninsured patients with household income between 0% and 200% of the FPL.

2. Reduced Cost-Care

Partial Financial Assistance for medically necessary care provided to uninsured patients with household income between 200% and 400% of the FPL.

3. Underinsured Patient

An "Underinsured Patient" is defined as an individual who elects third party insurance coverage with high out of pocket insurance benefits resulting in large patient account balances.

4. Medical Hardship

Medical debt, incurred by a household over a 12-month period, at the same hospital that exceeds 25% of the family household income. This means test is applied to uninsured and underinsured patients with income up to 500% of the Federal Poverty Guidelines.

5. MedStar Uniform Financial Assistance Application

A uniform financial assistance data collection document. The Maryland State Uniform Financial Assistance Application will be used by all MedStar hospitals regardless of the hospital geographical location.

6. MedStar Patient Information Sheet

A plain language summary that provides information about MedStar's Financial Assistance Policy, and a patient's rights and obligations related to seeking and qualifying for free or reduced cost medically necessary care. The Maryland State Patient Information Sheet format, developed through the joint efforts of Maryland Hospitals and the Maryland Hospital Association, will be used by all MedStar hospitals regardless of the hospital geographical location.

7. AGB – Amount Generally Billed

Amounts billed to patients who qualify for Reduced-Cost Sliding Scale Financial Assistance.

Responsibilities

- 1. Each facility will widely publicize the MedStar Financial Assistance Policy by:
 - 1.1 Providing access to the MedStar Financial Assistance Policy, Financial Assistance Applications, and MedStar Patient Information Sheet on all hospital websites and patient portals.
 - 1.2 Providing hard copies of the MedStar Financial Assistance Policy, MedStar Uniform Financial Assistance Application, and MedStar Patient Information Sheet to patients upon request.
 - 1.3 Providing hard copies of the MedStar Financial Assistance Policy, MedStar Uniform Financial Assistance Application, and MedStar Patient Information Sheet to patients upon request by mail and without charge.
 - 1.4 Providing notification and information about the MedStar Financial Assistance Policy by:
 - 1.4.1 Offering copies as part of all registration or discharges processes, and answering questions on how to apply for assistance.
 - 1.4.2 Providing written notices on billing statements.
 - 1.4.3 Displaying MedStar Financial Assistance Policy information at all hospital registration points.
 - 1.4.4 Translating the MedStar Financial Assistance Policy, MedStar Uniform Financial Assistance Application, and the Medstar Patient Information Sheet into primary languages of all significant populations with Limited English Proficiency.
 - 1.5 MedStar Health will provide public notices yearly in local newspapers serving the hospital's target population.
 - 1.6 Providing samples documents and other related material as attachments to this Policy
 - 1.6.1 Appendix #1 MedStar Uniform Financial Assistance Application
 - 1.6.2 Appendix #2 MedStar Patient Information Sheet
 - 1.6.3 Appendix #3 Translated language listing for all significant populations with Limited English Proficiency (documents will be available upon request and on hospital websites and patient portals
 - 1.6.4 Appendix #4 Hospital Community Served Zip Code listing
 - 1.6.5 Appendix # 5 MedStar Financial Assistance Data Requirement Checklist
 - 1.6.6 Appendix #6 MedStar Financial Assistance Contact List and Instructions for Obtaining Free Copies and Applying for Assistance
 - 1.6.7 Appendix #7 MedStar Health FAP Eligible Providers
- 2. MedStar will provide a financial assistance probable and likely eligibility determination to the patient within two business days from receipt of the initial financial assistance application.
 - 2.1 Probable and likely eligibility determinations will be based on:
 - 2.1.1 Receipt of an initial submission of the MedStar Uniform Financial Assistance application.
 - 2.2 The final eligibility determination will be made and communicated to the patient based on receipt and review of a completed application.
 - 2.2.1 Completed application is defined as follows:
 - 2.2.1.a All supporting documents are provided by the patient to complete the application review and decision process.
 - See Appendix #5 MedStar Financial Assistance Data Requirement Checklist
 - 2.2.1.b Application has been approved by MedStar Leadership consistent with the MedStar Adjustment Policy as related to signature and dollar limits protocols.
 - 2.2.1.c Pending a final decision for the Medicaid application process.

- 3. MedStar Health believes that its patients have personal responsibilities related to the financial aspects of their healthcare needs. Financial assistance and periodic payment plans available under this policy will not be available to those patients who fail to fulfill their responsibilities. For purposes of this policy, patient responsibilities include:
 - 3.1 Comply with providing the necessary financial disclosure forms to evaluate their eligibility for publicly-funded healthcare programs, charity care programs, and other forms of financial assistance. These disclosure forms must be completed accurately, truthfully, and timely to allow MedStar Health's facilities to properly counsel patients concerning the availability of financial assistance.
 - 3.2 Working with the facility's Patient Advocates and Patient Financial Services staff to ensure there is a complete understanding of the patient's financial situation and constraints.
 - 3.3 Making applicable payments for services in a timely fashion, including any payments made pursuant to deferred and periodic payment schedules.
 - 3.4 Providing updated financial information to the facility's Patient Advocates or Customer Service Representatives on a timely basis as the patient's financial circumstances may change.
 - 3.5 It is the responsibility of the patient to inform the MedStar hospital of their existing eligibility under a medical hardship during the 12 month period.
 - 3.6 In the event a patient fails to meet these responsibilities, MedStar reserves the right to pursue additional billing and collection efforts. In the event of non-payment billing, and collection efforts are defined in the MedStar Billing and Collection Policy. A free copy is available on all hospital websites and patient portals via the following URL: www.medstarhealth.org/FinancialAssistance, or by call customer service at 1-800-280-9006.
- 4. Uninsured patients of MedStar Health's facilities may be eligible for full financial assistance or partial sliding-scale financial assistance under this policy. The Patient Advocate and Patient Financial Services staff will determine eligibility for full financial assistance and partial sliding-scale financial assistance based on review of income for the patient and their family (household), other financial resources available to the patient's family, family size, and the extent of the medical costs to be incurred by the patient.

5. ELIGIBILITY CRITERIA FOR FINANCIAL ASSISTANCE

- 5.1 Federal Poverty Guidelines. Based on household income and family size, the percentage of the then-current Federal Poverty Level (FPL) for the patient will be calculated.
 - 5.1.1 Free Care: Free Care (100% Financial Assistance) will be available to uninsured patients with household incomes between 0% and 200% of the FPL. FPL's will be updated annually.
 - 5.1.2 Reduced Cost-Care: Reduced Cost-Care will be available to uninsured patients with household incomces between 200% and 400% of the FPL. Reduced Cost-Care will be available based on a sliding-scale as outlined below. Discounts will be applied to amounts generally billed (ABG). FPL's will be updated annually.
 - 5.1.3 Ineligibility. If this percentage exceeds 400% of the FPL, the patient will not be eligible for Free Care or Reduced Cost-Care assistance (unless determined eligible based on Medical Hardship criteria, as defined below). FPL's will be updated annually.

5.2 Basis for Calculating Amounts Charged to Patients: Free Care or Reduced-Cost Care Sliding Scale Levels:

	Financial Assistance Level		
	Free / Reduced-Cost Care		
Adjusted Percentage of	HSCRC-Regulated Washington Facilities and non-		
Poverty Level	Services	HSCRC Regulated Services	
0% to 200%	100%	100%	
201% to 250%	40%	80%	
251% to 300%	30%	60%	
301% to 350%	20%	40%	
351% to 400%	10%	20%	
more than 400%	no financial assistance	no financial assistance	

- 5.3 **MedStar Health Hospitals** will comply with IRS 501(r) requirements on limiting the amounts charged to uninsured patients seeking emergency and medically necessary care.
 - 5.3.1 The MedStar Health calculation for AGB will be the amount Medicare would allow for care, including amounts paid or reimbursed and amounts paid by individuals as co-payments, co-insurance, or deductibles.
 - 5.3.2 Amounts billed to patients who qualify for Reduced-Cost Sliding Scale Financial Assistance will not exceed the amounts generally billed (AGB).

Example:

GROSS CHARGES	MEDICARE	**PATIENT ELIGIBLE	FINANCIAL ASSISTANCE	PATIENT
	ALLOWABLE AGB	FOR SLIDING SCALE	AMOUNT APPROVED AS A	RESPONSIBILITY
	AMOUNT	ASSISTANCE	% OF THE MEDICARE	
			ALLOWABLE AGB AMOUNT	
\$1,000.00	\$800.00	40%	\$320.00	\$480.00
** Sliding Scale % will vary per Section 5.2 - Basis for Calculating Amounts Charge Patients in this Policy				

- 6. FINANCIAL ASSISTANCE: ADDITIONAL FACTORS USED TO DETERMINE ELIGIBILITY FOR MEDICAL ASSISTANCE: MEDICAL HARDSHIP.
 - 6.1 MedStar Health will provide Reduced-Cost Care to patients with household incomes between 200% and 500% of the FPL that, over a 12 month period, have incurred medical debt at the same hospital in excess of 25% of the patient's household income. Reduced Cost-Care will be available based on a sliding-scale as outlined below.
 - 6.2 A patient receiving reduced-cost care for medical hardship and the patient's immediate family members shall receive/remain eligible for Reduced Cost medically necessary care when seeking subsequent care for 12 months beginning on the date which the reduced-care was received. It is the responsibility of the patient to inform the MedStar hospital of their existing eligibility under a medical hardship during the 12 month period.
 - 6.3 If a patient is eligible for Free Care / Reduced-Cost Care, and Medical Hardship, the hospital will employ the more generous policy to the patient.

6.4 Medical Hardship Reduced-Care Sliding Scale Levels:

	Financial Assistance Level – Medical Hardship		
Adjusted Percentage of Poverty Level	HSCRC-Regulated Services	Washington Facilities and non- HSCRC Regulated Services	
Less than 500%	Not to Exceed 25% of Household Income	Not to Exceed 25% of Household Income	

7. METHOD FOR APPLYING FOR FINANCIAL ASSISTANCE: INCOME AND ASSET DETERMINATION.

- 7.1 Patients may obtain a Financial Assistance Application and other informational documents:
 - 7.1.1 On Hospital Websites and Patient Portals via the following URL: www.medstarhealth.org/FinancialAssistance
 - 7.1.2 From Hospital Patient Advocates and/or Admission / Registration Associates
 - 7.1.3 By contacting Patient Financial Services Customer Service
 - See Appendix #6 Financial Assistance Contact List and Instruction for Obtaining Free Copies and How to Apply for Assistance
- 7.2 MedStar Health will evaluate the patient's financial resources **EXCLUDING**:
 - 7.2.1 The first \$250,000 in equity in the patient's principle residence
 - 7.2.2 Funds invested in qualified pension and retirement plans where the IRS has granted preferential treatment
 - 7.2.3 The first \$10,000 in monetary assets e.g., bank account, stocks, CD, etc
- 7.3 MedStar Health will use the MedStar Uniform Financial Assistance Application as the standard application for all MedStar Health Hospitals. MedStar Health will require the patient to supply all documents necessary to validate information to make eligibility determinations.
- 7.4 Financial assistance applications and support documentation will be applicable for determining program eligibility one (1) year from the application date. Additionally, MedStar Health will consider for eligibility all accounts (including bad debts) 6 months prior to the application date.

8. PRESUMPTIVE ELIGIBILTY

- 8.1 Patients already enrolled in certain means-tested programs are deemed eligible for free care on a presumptive basis. Examples of programs eligible under the MedStar Health Financial Assistance Program would include but are not limited to:
 - 8.1.1 Maryland Supplemental Nutritional Assistance Program (SNAP)
 - 8.1.2 Maryland Temporary Cash Assistance (TCA)
 - 8.1.3 All Dual eligible Medicare / Medicaid Program SLMB QMB
 - 8.1.4 All documented Medicaid Spend Down amounts as documented by Department of Social Services
 - 8.1.5 Other Non-Par Payer Programs

MedStar Health will continually evaluate any publicly-funded programs for eligibility under the Presumptive Eligibility provision of this policy.

8.2 Additional presumptively eligible categories will include with minimal documentation:

- 8.2.1 Homeless patients as documented during the registration/clinical intake interview processes.
- 8.2.2 Deceased patients with no known estate based on medical record documentation, death certificate, and confirmation with Registrar of Wills.
- 8.2.3 All patients resulting from other automated means test scoring campaigns and databases.

9. MEDSTAR HEALTH FINANCIAL ASSISTANCE APPEALS

- 9.1 In the event a patient is denied financial assistance, the patient will be provided the opportunity to appeal the MedStar Health denial determination.
- 9.2 Patients are required to submit a written appeal letter to the Director of Patient Financial Services with additional supportive documentation.
- 9.3 Appeal letters must be received within 30 days of the financial assistance denial determination.
- 9.4 Financial assistance appeals will be reviewed by a MedStar Health Appeals Team. Team members will include the Director of Patient Financial Services, Assistance Vice President of Patient Financial Services, and the hospital's Chief Financial Officer.
- 9.5 Denial reconsideration decisions will be communicated, in writing, within 30 business days from receipt of the appeal letter.
- 9.6 If the MedStar Health Appeals Panel upholds the original denial determination, the patient will be offered a payment plan.

10. PAYMENT PLANS

- 10.1 MedStar Health will make available payment plans, per the MedStar Corporate Payment Plan Policy, to uninsured or underinsured patients with household income above 200% of the Federal Poverty Guidelines who do not meet eligibility criteria for the MedStar Financial Assistance or Financial Assistance Programs.
- 10.2 Patients to whom discounts, payment plans, or financial assistance are extended have continuing responsibilities to provide accurate and complete financial information. In the event a patient fails to meet these continuing responsibilities, MedStar Health will pursue collections of open patient balances per the MedStar Corporate Billing and Collection Policy. MedStar reserves the right to reverse financial assistance account adjustments and pursue the patient for original balances owed.

11. BAD DEBT RECONSIDERATIONS AND REFUNDS

- 11.1 In the event a patient who, within a two (2) year period after the date of service was found to be eligible for free care on that date of service, MedStar Health will initiate a review of the account(s) to determine the appropriateness for a patient refund for amounts collected exceeding \$25.
- 11.2 It is the patient's responsibility to request an account review and provide the necessary supportive documentation to determine free care financial assistance eligibility.
- 11.3 If the patient fails to comply with requests for documentation, MedStar Health will document the patient's non-compliance. The patient will forfeit any claims to a patient refund or free care assistance.
- 11.4 If MedStar Health obtains a judgment or reports adverse information to a credit reporting agency for a patient that was later to be found eligible for free care, MedStar Health will seek to vacate the judgment or strike the adverse information.

Exceptions

1 PROGRAM EXCLUSION

MedStar Health's financial assistance program excludes the following:

- 1.1 Insured patients who may be "underinsured" (e.g. patient with high deductibles/coinsurance) who do not meet Medical Hardship eligibility as defined in Section 6 of this Policy.
- 1.2 Patients seeking non-medically necessary services, including cosmetic procedures.
- 1.3 Non-US Citizens.
 - 1.3.1 Excluding individuals with permanent resident /resident alien status as defined by the Bureau of Citizenship and Immigration Services have been issued a green card. MedStar will consider non-US citizens who can provide proof of residency within the defined service area.
 - 1.3.2 Excluding individuals with approved political asylum status as per documentation from the Bureau of Citizenship and Immigration Services.
- 1.4 Patients residing outside a hospital's defined zip code service area.
 - 1.4.1 Excluding patient referrals between the MedStar Health Network System.
 - 1.4.2 Excluding patients arriving for emergency treatment via land or air ambulance transport.
 - 1.4.3 Specialty services specific to each MedStar Health Hospital and approved as a program exclusion
 - 1.4.3. a Union Memorial Hospital Cardiac Service, Hand Center, and Renal Patients
 - 1.4.3. b Georgetown University Hospital Transplant, and Cyber Knife Patients
 - 1.4.3. c Washington Hospital Center Cardiac Service Patients
 - 1.4.3. d Good Samaritan Hospital Renal Patients
 - 1.4.3. e Franklin Square Hospital Cyber Knife Patients, BMS patient for OB services excluding Non- US Citizens as defined above in section 1.3 of this policy.
 - 1.4.3. f MedStar National Rehabilitation Hospital
- 1.5 Patients that are non-compliant with enrollment processes for publicly –funded healthcare programs, charity care programs, and other forms of financial assistance.

As stated above, patients to whom discounts, payment plans, or financial assistance are extended have continuing responsibilities to provide accurate and complete financial information. In the event a patient fails to meet these continuing responsibilities, the patient will become financially responsible for the original amount owed, less any payments made to date.

MEDSTAR PATIENT INFORMATION SHEET

MedStar Health Financial Assistance Policy (FAP)

MedStar Health is committed to ensuring that uninsured patients within its service area who lack financial resources have access to emergency and medically necessary hospital services. If you are unable to pay for medical care, have no other insurance options or sources of payment including Medical Assistance, litigation or third-party liability, you may qualify for Free or Reduced Cost Medically Necessary Care.

MedStar Health meets or exceeds the legal requirements by providing financial assistance to those individuals in households below 200% of the federal poverty level and reduced cost-care up to 400% of the federal poverty level and will not exceed the amounts generally billed (AGB).

Patient's Rights

MedStar Health will work with their uninsured patients to gain an understanding of each patient's financial resources.

- They will provide assistance with enrollment in publicly-funded entitlement program (e.g. Medicaid) or other considerations of funding that may be available from other charitable organizations.
- If you do not qualify for Medical assistance, or financial assistance, your may be eligible for an extended payment plan for hospital medical bills.
- If you believe you have been wrongfully referred to a collection agency, you have the right to contact the hospital to request assistance. (See contact information below).

Patients' Obligation

MedStar Health believes that its patients have personal responsibilities related to the financial aspects of their healthcare needs. Our patients are expected to:

- Cooperate at all times by providing complete and accurate insurance and financial information.
- Provide requested data to complete Medicaid applications in a timely manner.
- Maintain compliance with established payment plan terms.
- Notify us timely at the number listed below of any change in circumstances.

Contacts:

Call 1-800-280-9006 with questions concerning:

- Your hospital bill.
- Your rights and obligations with regards to your hospital bill.
- How to apply for Maryland Medicaid.
- How to obtain copies of the MedStar Financial Assistance Policy and Application by mail.
- How to apply for MedStar Health's Financial Assistance Program for free or reduced
- Language translations for all FAP related documents and information can be found on hospital website and patient portals.

To obtain free copies of our Financial Assistance Policy and Application, and instructions on applying please visit our website at: www.medstarhealth.org/FinancialAssistance, or visit the Admitting Department at any MedStar Hospital.
