#### Ω1

#### Introduction:

COMMUNITY BENEFIT NARRATIVE REPORTING INSTRUCTIONS

The Maryland Health Services Cost Review Commission's (HSCRC's or Commission's) Community Benefit Report, required under §19-303 of the Health General Actiounly Amountated Code, is the Commission's method of implementing a law that addresses the growing interest in understanding the types and scope of community benefit activities conducted by Maryland's nonprofit hospitals.

The Commission developed a two-part community benefit reporting system that includes an inventory spreadsheet that collects financial and quantitative information and a narrative report to strengthen and supplement the inventory spreadsheet. The guidelines and inventory spreadsheet were guided, in part, by the VHA, CHA, and others' community benefit reporting experience, and was then tailored to fit Maryland's unique regulatory environment. This reporting tool serves as the narrative report. The instructions and process for completing the inventory spreadsheet remain the same as in prior years. The narrative is focused on (1) the general demographics of the hospital community, (2) how hospitals determined the needs of the communities they serve, (3) hospital community benefit administration, and (4) community benefit external collaboration to develop and implement community benefit initiatives.

The Commission moved to an online reporting format beginning with the FY 2018 reports. In this new template, responses are now mandatory unless marked as optional. If you submit a report without responding to each question, your report may be rejected. You would then be required to fill in the missing answers before resubmitting. Questions that require a narrative response have a limit of 20,000 characters. This report need not be completed in one session and can be opened by multiple users.

Is this information correct?

For technical assistance, contact HCBHelp@hilltop.umbc.edu.

# Q2. Section I - General Info Part 1 - Hospital Identification

Q3. Please confirm the information we have on file about your hospital for FY 2018.

	100	140	in no, piedoc provide the correct information here.							
The proper name of your hospital is: MedStar Southern Maryland Hospital Center	•									
Your hospital's ID is: 210062	•	0								
Your hospital is part of the hospital system called MedStar Health.	•									
The next two questions ask about the area where your hospital directs its community benefit efforts, called the Community Benefit ervice Area. You may find these community health statistics useful in preparing your responses.										
(Optional) Please describe any other community health statistics that your hospital uses in its community benefit efforts.										

 $Q6. \ (Optional) \ Please \ attach \ any \ files \ containing \ community \ health \ statistics \ that \ your \ hospital \ uses \ in \ its \ community \ benefit \ efforts.$ 

#### Q7. Section I - General Info Part 2 - Community Benefit Service Area

Q8. Please select the county or counties located in your hospital's CBSA.

Allegany County	Charles County	Prince George's County
Anne Arundel County	Dorchester County	Queen Anne's County
Baltimore City	Frederick County	Somerset County
Baltimore County	Garrett County	St. Mary's County
Calvert County	Harford County	Talbot County
Caroline County	Howard County	Washington County
Carroll County	Kent County	Wicomico County

Montgomery County

Worcester County

Cecil County

 ${ @}$  Behavioral Health, including Mental Health and/or  ${ @}$  Heart Disease and Stroke Substance Abuse

The needs identified in the 2015 and 2018 CHNA are comparable. Both assessments identified chronic diseases such as heart disease and stroke as priority areas. The 2015 CHNA expanded it's reach to focus on heart disease and diabetes while the 2018 CHNA added behavioral health services to needs identified.

Q58. (Optional) Please use the box below to provide any other information about your CHNA that you wish to share.

Q57. Please describe how the needs and priorities identified in your most recent CHNA compare with those identified in your previous CHNA.

During FY19, key revisions were made across MedStar Health to more effectively impact the communities served throughout Maryland and Washington, DC. Several internal meetings were convened with leadership from each MedStar Health Hospital to review current practices and strategies. As a result of these meetings, the approach to the current Community Health Needs Assessment (CHNA) for the remainder of the three-year cycle (FY19-FY21) was revised. Using the standard categories, Health and Wellness, Access to Care and Social Determinants of Health to determine what to prioritize for the CHNA IRS requirements, each hospital agreed to select two to three strategies as priorities that have size and scale impact and measurable outcomes. MedStar Southern Maryland Hospital Center's health priorities for the CBSA include health and wellness (chronic disease prevention and management, behavioral health, maternal and child health programming) and social determinants of health (Community Health Worker program).

Q59. (Optional) Please attach any files containing information regarding your CHNA that you wish to share.

### Q60. Section III - CB Administration Part 1 - Participants

Q61. Please use the table below to tell us about how internal staff members were involved in your hospital's community benefit activities during the fiscal year.

					Activitie	es

#### Q64. Section III - CB Administration Part 2 - Process & Governance

Q65. Does your hospital conduct an internal audit of the annual community benefit financial spreadsheet? Select all that apply.

Yes, by the hospital's staff

Yes, by the hospital system's staff

Yes, by a third-party auditor

No

Q66. Does your hospital conduct an internal audit of the community benefit narrative?

Yes

O No

 $\ensuremath{\mathsf{Q67}}.$  Please describe the community benefit narrative audit process.

The internal review of the Community Benefit Report is performed by the Administrative Director, Population Health, the Financial Services Manager, and the CFO. The CFO provides oversight of the CBISA reporting function, auditing process and approval of Community Benefit funding. The CEO's signature is obtained through an attestation letter supporting their approval of the Community Benefit Report. The MedStar Health Corporate Office also conducts a review/audit of the hospital's Community Benefit Report annually.

(		Yes
		No
Q69.	PI	ease explain:
This

The initiative will end when (1) the space is no longer available or (2)	
there is no longer an interest in the	
program	
4. Please describe the population this initiative targets (e.g. diagnosis, age, insurance status, etc.).	
Participants are mostly individuals who are 55+ years of age who have a goal of getting and remaining active by walking for at least 30 minutes per day. Most participalive in or around the service area (ZIP code 20735).	ants
5. Enter the estimated number of people this initiative targets.	
11,000	
11,000	
6. How many people did this initiative reach during the fiscal year?	
1,205	
<del>,,</del>	
7. What category(ies) of intervention best fits this initiative? Select all that apply.	
Chronic condition-based intervention: treatment intervention	
Chronic condition-based intervention: prevention intervention	
Acute condition-based intervention: treatment intervention	
Acute condition-based intervention: prevention intervention	
Condition-agnostic treatment intervention	
Social determinants of health intervention	
Community engagement intervention	
Other. Please specify.	
Other. Please specify.  8. Did you work with other individuals, groups, or organizations to deliver this initiative?	

Yes. Please describe who was involved in this initiative.

St.Charles Towne Center Mall allows us to use their space every morning for 2 hours from Monday-Friday for the participants to walk around the building before the mall opens.

No.

MedStar Southern Maryland Hospital Center, in collaboration with St. Charles Towne Center Mall, hosts the mall walker program weekday mornings for CBSA residents. Members are encouraged to engage in physical activity during the allotted two hours by walking a pre-determined path. Each lap around the path is equivalent to one half mile. MedStar Southern Maryland Hospital Center Community Outreach associates are on-site to provide members with blood pressure screenings. Screenings are followed up with personal consultations, additional health related materials and resources. Each health screening performed is measured as a CBSA member who as a result of having received the screening, results and consultations, has increased the awareness of their health status. A Mall Walker Breakfast is hosted each month, hosted by various healthcare professionals to highlight relevant health related topics. The primary goal of this program is to increase the number of community members who are aware of their health status, and to increase the level of physical activity among participants.

Q90. Please describe how the initiative is delivered.

Participants walk in the mall's secure, well-lit, and climate controlled environment. Free blood pressure screenings and educational health materials are offered and distributed daily. Monthly guest speakers present on health topics as well.

Q91. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply. Count of participants/encounters Each participant is accounted for on a monthly basis. Each participant who receives a blood pressure screening is also accounted for. Other process/implementation measures (e.g. number of items distributed) Surveys of participants Surveys on health status updates and educational seminar feedback are disbursed. ☑ Biophysical health indicators Decreased blood pressure, heart rate, and weight loss. Assessment of environmental change Impact on policy change Effects on healthcare utilization or cost Assessment of workforce development Other Q92. Please describe any observed outcome(s) of the initiative (i.e., not intended outcomes). In FY19, 5.082 blood pressure screenings were performed. Physicians and other medical professionals gave presentations to participants on related topics each month, for a total of 12 presentations. Approximately 60 people show up each month at the Mall Walkers Breakfast. Of the 60 participants, 40 reported seeing improvements over the year. It was discovered that several of these participants (10-15) were non-compliant with their diet and medication management, therefore ongoing support and education was provided daily. Q93. Please describe how the outcome(s) of the initiative addresses community health needs. The proportion of adults aged 18 years and older in Prince George's County with high blood pressure is 31.9%. The Walk with Ease – St. Charles Mall Walkers Program addresses arthritis, hypertension, and diabetes prevention and management. Of the 60 regular participants in FY19, 67% showed a decrease in blood pressure readings over a 2 month period. The reduction of blood pressure was contributed to regular participation in physical activity and diet modifications learned from monthly guest speakers. Nearly 45% of participants reported less joint pain over a 2 month period contributed to regular physical activity participation via monthly survey. Participation in the walking program has helped reduce arthritis risk as well. Q94. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately Hospital funds \$31,090 Q95. (Optional) Supplemental information for this initiative 096 Section IV - CB Initiatives Part 2 - Initiative 2 Q97. Name of initiative. Smoking Cessation Program

Q98. Does this initiative address a need identified in your most recently completed CHNA?

Yes

O No

Q99. In your most recently completed CHNA, the following community health needs were identified: Behavioral Health, including Mental Health and/or Substance Abuse, Cancer, Diabetes, Educational and Community-Based Programs, Heart Disease and Stroke, Nutrition and Weight Status, Older Adults, Physical Activity, Tobacco Use, Housing & Homelessness, Transportation, Unemployment & Poverty, Other Social Determinants of Health Other:

Using the checkboxes below, select the needs that appear in the list above that were addressed by this initiative.

	✓ Heart Disease and Stroke
Access to Health Services: Practicing PCPs	HIV
Access to Health Services: Regular PCP Visits	☐ Immunization and Infectious Diseases
Access to Health Services: ED Wait Times	☐ Injury Prevention
Access to Health Services: Outpatient Services	Lesbian, Gay, Bisexual, and Transgender Health
Adolescent Health	Maternal and Infant Health
Arthritis, Osteoporosis, and Chronic Back Conditions	Nutrition and Weight Status
Behavioral Health, including Mental Health and/or Substance Abuse	Older Adults
Cancer	Oral Health
Children's Health	Physical Activity
Chronic Kidney Disease	Respiratory Diseases
Community Unity	Sexually Transmitted Diseases

 ${\it Q106.}\ {\it Did\ you\ work\ with\ other\ individuals,\ groups,\ or\ organizations\ to\ deliver\ this\ initiative?}$ 

The initiative will end when a contract or agreement with a partner expires. Please explain.

MSMHC currently uses an outside organization to facilitate the smoking

Yes. Please describe who was involved in this initiative.

MSMHC worked with outside facilitators who were certified through the American Lung Association. These facilitators met with program participants on a weekly bases during program implementation.

No.

Q107. Please describe the primary objective of the initiative.

MedStar Southern Maryland Hospital Center, in collaboration with Optimal Public Health Solutions and the American Lungs Association, hosts the smoking cessation class weekly for CBSA residents. Members participate in a seven-week course to learn how to quit smoking and have alternative approaches to stress and stress management. The primary goal of this program is to increase the number of community members who are aware of their health status and to decrease risk factors.

The Freedom From Smoking® program is for tobacco users who are ready to quit. Because most people already know that smoking is bad for their health, the program focuses almost exclusively on how to quit, not why to quit. The Freedom From Smoking® group clinic includes 8 sessions over seven weeks and features a step-by-step plan for quitting smoking. Each session is designated to help smokers gain control over their behavior. The clinic format encourages participants to work on the process and problems of quitting both individually and as part of a group. Q109. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply. Count of participants/encounters Participants are accounted for each session and number of participants who attend the first session are compared to the number of participants who complete the class (7 weeks of courses) in its entirety. ✓ Other process/implementation measures (e.g. number of items distributed) Measurement of number of n participants who quit smoking or reduce the amount of tobacco used because of the program. Surveys of participants Pre- and post test surveys are given. Biophysical health indicators Assessment of environmental change Impact on policy change Effects on healthcare utilization or cost Assessment of workforce development Other Q110. Please describe any observed outcome(s) of the initiative (i.e., not intended outcomes). Outcomes are determined by the number of program participants who reduce the amount of tobacco used or cease tobacco use. In FY19, 18 Individuals were reached by the smoking cessation program with a 67% completion and quit rate. Q111. Please describe how the outcome(s) of the initiative addresses community health needs The proportion of adults aged 18 years and older in Prince George's County who smoke is 10.3%. This is a slight decrease from previous year at 10.7%. The Smoking Cessation Program assists in helping Prince George's Country smokers reduce their health risks by providing them with the necessary tools and education to quit smoking. During FY19 there was a 67% completion and quit rate for the program which accounted for 18 individuals who quit smoking. Q112. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately. Hospital Funds \$3,265 Q113. (Optional) Supplemental information for this initiative Q114 Section IV - CB Initiatives Part 3 - Initiative 3 Q115. Name of initiative Diabetes Support Group Q116. Does this initiative address a need identified in your most recently completed CHNA? Yes

Q117. In your most recently completed CHNA, the following community health needs were identified: Behavioral Health, including Mental Health and/or Substance Abuse, Cancer, Diabetes, Educational and Community-Based Programs, Heart Disease and Stroke, Nutrition and Weight Status, Older Adults, Physical Activity, Tobacco Use, Housing & Homelessness, Transportation, Unemployment & Poverty, Other Social Determinants of Health Other:

No

Prevention and management intervention
124. Did you work with other individuals, groups, or organizations to deliver this initiative?
Yes. Please describe who was involved in this initiative.
<ul><li>No.</li></ul>
125. Please describe the primary objective of the initiative.
Dibbito Corred Cours is a small because and in figure 1.
Diabetes Support Group is a monthly group meeting for people with diabetes, pre-diabetes, or other risk factors for diabetes, and their friends and family members. The objective is to equip participants with the tools necessary to prevent or manage their diabetes.
126. Please describe how the initiative is delivered.

Q127. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply.

MSMHC Diabetes Self-Management Program/Support Group, led monthly by a team of certified diabetes educators at the hospital, provides individual assessment, personalized meal plans, and up-to-date information on nutrition, monitoring, and self-care. The program, which serves about 200 people a year, empowers individuals by working with them to design an action plan to take control of their diabetes and prevent complications.

Dental						
Neurosurgery/neurology						
General surgery						
Orthopedic specialties						
Obstetrics						
Otolaryngology						
Other. Please specify.						
Q142. If you list Physician Subsidies in your data in o would not otherwise be available to meet patient den						
Hospital-Based Physicians	MedStar Southern Maryland provides physicians (hospitalists) for patients who do not have primary care providers handling their stay. Our community includes many low-income and minority families who have this requirement. The community needs for these services are being met, and a negative margin is generated.					
Non-Resident House Staff and Hospitalists						
Coverage of Emergency Department Call						
Physician Provision of Financial Assistance						
	Women's & Children Services: Physician practices provide healthcare services for obstetrics and gynecology.					
Physician Recruitment to Meet Community Need  Women's & Children Services: Physician practices provide healthcare services for obstetrics and gynecology.  A negative margin is generated. Many our patients receiving these services are from minority and low-income families. Prenatal care is provided. Ob-Gyn coverage is provided 24 hours a day. Preventive measures and improvement of the patient's health status are achieved. The services address a community need for women's health and children's services for lower income and minority families.						
Other (provide detail of any subsidy not listed above)	Psychiatric Services: MedStar Southern Maryland Hospital Center absorbs the cost of providing psychiatric supervision for the Emergency Department on a 24-7 basis. If these services were not provided, patients would be transported to another facility to receive them. The community needs are being met and commitment to patients is exhibited by providing these services.					
Other (provide detail of any subsidy not listed above)	Multiple service lines are being subsidized because the patient population would have to travel a minimum of 43 miles for service.					
Other (provide detail of any subsidy not listed						
above)						
Q143. (Optional) Is there any other information about physician gaps that you would like to provide?						
L						
Q144. (Optional) Please attach any files containing further information regarding physician gaps at your hospital.						
Q145. Section VI - Financial Assistance Policy (FAP)						
Q146. Upload a copy of your hospital's financial assis	stance policy.					
MedStar Corporate Financial Assistance Policy 07 2016.pdf 339.3kB application/pdf						

Q147. Upload a copy of the Patient Information Sheet provided to patients in accordance with Health-General §19-214.1(e).

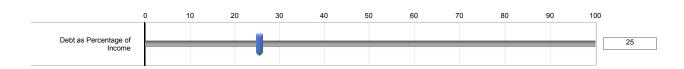

Q149. Maryland hospitals are required under COMAR 10.37.10.26(A-2)(2)(a)(ii) to provide reduced-cost, medically necessary care to low-income patients with family income between 200 and 300 percent of the federal poverty level. Please select the range of the percentage of FPL for which your hospital's FAP offers reduced-cost care.

Q150. Maryland hospitals are required under COMAR 10.37.10.26(A-2)(3) to provide reduced-cost, medically necessary care to patients with family income below 500 percent of the federal poverty level who have a financial hardship. Financial hardship is defined as a medical debt, incurred by a family over a 12-month period that exceeds 25 percent of family income. Please select the range of the percentage of FPL for which your hospital's FAP offers reduced-cost care for financial hardship. Please select the threshold for the percentage of medical debt that exceeds a household's income and qualifies as financial hardship.

Q151. Please select the threshold for the percentage of medical debt that exceeds a household's income and qualifies as financial hardship.

Q152. Has your FAP changed within the last year? If so, please describe the change.

No, the FAP has not changed.

Yes, the FAP has changed. Please describe:

 ${\tt Q153.}\ ({\tt Optional})\ {\tt Is\ there\ any\ other\ information\ about\ your\ hospital's\ FAP\ that\ you\ would\ like\ to\ provide?}$ 

Q154. (Optional) Please attach any files containing further information about your hospital's FAP.

#### Q155. Summary & Report Submission

Q156.

#### Attention Hospital Staff! IMPORTANT!

You have reached the end of the questions, but you are not quite finished. Your narrative has not yet been fully submitted. Once you proceed to the next screen using the right arrow button below, you cannot go

backward. You cannot change any of your answers if you proceed beyond this screen.

We strongly urge you to contact us at <a href="https://hchelp@hilltop.umbc.edu">hchelp@hilltop.umbc.edu</a> to request a copy of your answers. We will happily send you a pdf copy of your narrative that you can share with your leadership, Board, or other interested parties. If you need to make any corrections or change any of your answers, you can use the Table of Contents feature to navigate to the appropriate section of the narrative.

Once you are fully confident that your answers are final, return to this screen then click the right arrow button below to officially submit your narrative.
