Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Schedule H, Part I, Line 7 - Doctors Community Hospital (DCH) took into account input from representatives of DCH's community, including from those with specialized knowledge of or expertise in public health, community leaders, and leaders or representatives of low income or underserved groups served in the community. From December 2015 to April 2016, a survey prepared by the Prince Georges County Health Department and other Prince Georges County hospitals was distributed among community members, faith-based organizations, business leaders, and to current patients and their families. As part of the survey, respondents selected their top four healthcare concerns.

Schedule H, Part II - Doctors Community Hospital (DCH) took into account input from representatives of DCH's community, including from those with specialized knowledge of or expertise in public health, community leaders, and leaders or representatives of low income or underserved groups served in the community. From December 2015 to April 2016, a survey prepared by the Prince Georges County Health Department and other Prince Georges County hospitals was distributed among community members, faith-based organizations, business leaders, and to current patients and their families. As part of the survey, respondents selected their top four healthcare concerns.

Schedule H, Part III, Section A, Line 4 - "Net patient service revenue and net patient accounts receivable are reported at estimated net realizable amounts from patients, third party payers, and others for services rendered. Discounts ranging from 2.25% to 8% of Hospital charges are given to Medicare, Medicaid, and certain approved commercial health insurance providers and health maintenance organizations. In addition, these payers routinely review patient billings and deny payments for certain charges that they deem medically unnecessary or performed without appropriate pre-authorization. Discounts and denials are recorded as reductions of net patient service revenue. Accounts receivable from these third-party payers have been adjusted to reflect the difference in charges and estimated reimbursable amounts. The Company bills third party payers directly for services provided. Insurance coverage and credit information are obtained from patients upon admission when available. No collateral is obtained for patient accounts receivable. Patient accounts receivable deemed to be uncollectible by management have been written off. An allowance for doubtful accounts is recorded based on historical trends for patient accounts receivable that are anticipated to become uncollectible in future periods." The company estimates that only a de minims amount of its bad debt expense is attributable to patients eligible under the organization's financial assistance policy. The company widely publicizes its financial assistance policy and regularly utilizes presumptive charity to ensure that patients that would qualify under the hospital's financial assistance policy do in fact receive financial assistance.

Schedule H, Part III, Section B, Line 8 - Medicare discounts are required but should be treated as a community benefit to the Medicare population since the discounted revenue does not cover full costs in an all payer state as Maryland.

Schedule H, Part III, Section C, Line 9b - A patient is classified as a financial assistance patient by reference to the financial assistance policy of the Hospital (FAP). The FAP sets forth the criteria for patients to qualify for free or discounted care. In assessing a patient's eligibility for financial assistance under the FAP, the Hospital assesses whether the patient's family income is below a certain percentage of the federal poverty guidelines, as well as whether incurred charges are significant when compared to the patient's family income. Patients who have insurance may still qualify for financial assistance for their portion of the amount due. Our policy states that at any time the patient can qualify for financial assistance, even after collection efforts have begun. If the patient qualifies for financial assistance after collection efforts have commenced, all collection efforts by the hospital will cease immediately. Furthermore, if the patient qualifies for financial

Schedule J (Form 990) 2016

#### Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Schedule J, Part I, Line 1a - In 2014, the Compensation Committee approved a payment to Mr. Down in 2015 for certain income taxes that were imputed upon him under a life insurance arrangement adopted in the early 1990s. The Hospital has not funded the subject life insurance policies in many years. Any income tax payments paid for Mr. Down net out of (i.e., reduce) the supplemental retirement plan described in the previous paragraph. Therefore, the tax gross up described herein does not increase the Hospital's overall cost.

Schedule J, Part I, Line 3 - Doctors Community Hospital used the following methods to determine the CEO's compensation: Compensation Committee, written employment contract, independent compensation consultant, compensation survey or study, form 990 of other organizations, and recommended by the Compensation Committee and approved by the Doctors Community Hospital Board. The compensation for Vice Presidents follows these processes, except that there are no other written contracts.

Schedule J, Part I, Line 4 - Dennis Scanlon, the retired CFO, and Thomas Crowley, retired COO, receives monthly payments from the DCH Option Plan. In 2010, the Compensation Committee determined that the President and Chief Executive Officer, Philip B. Down, declined base salary increases and incentive compensation payments in prior years of employment amounting to at least \$504,237. Subject to Mr. Down's agreement to stay employed through and not retire before June 30, 2015, the Compensation Committee resolved to pay this \$504,237 amount to Mr. Down at the end of the period ending June 30, 2015. The Compensation Committee's outside consultants apprised the Compensation Committee that this payment would be in keeping with market norms. In accordance with these agreements, Mr. Down was paid \$504,237 in 2015. Most of this payment amount had been reported in previous years' Forms 990 as it accrued in each such year. In 2013, the Compensation Committee negotiated an extension of Mr. Down's employment commitment until June 30, 2017 and a commitment from him to provide additional services in the case of a change in control. As part of these agreements, the Compensation Committee established a supplemental retirement arrangement for Mr. Down. This arrangement also was confirmed as normative by the Compensation Committee's outside consultants. This arrangement requires that Mr. Down remain employed through and not retire before June 30, 2017. The present value of the amount accrued as deferred compensation during tax year 2016 was \$273,691.

Schedule J, Part I, Line 7 - Doctors Community Hospital, to determine the CEO's compensation. Doctors Community Hospital used the following methods to determine the CEO's compensation: Compensation Committee, written employment contract, independent compensation consultant, compensation survey or study, form 990 of other organizations, and recommended by the Compensation Committee and approved by the Doctors Community Hospital Board. As part of the process, the Compensation Committee reviews results of the organization and the executive of organizational financial, quality of care, patient satisfaction, and similar goals and makes incentive compensation awards based on this performance.

Form 990, Header, Line A - We requested and were approved an extension to 5/15 due date and are filing on time.

Form 990, Part I, Line 1 - The hospital currently operates 190 licensed medical/surgical beds, admits 10,000 patients annually, sees over 60,000 patients in the ambulatory setting, employees over 1,500 individuals including physicians. Our medical staff is comprised of more than 600 physicians. The hospital offers a broad range of inpatient and outpatient services, a number of specialty and subspecialty services, and a full range of ancillary and support services.

Form 990, Part VI, Section B, Line 11b - The 990 is prepared by the CFO, reviewed by the President and tax advisor, and then submitted to each member of the Board for their review. Any comments/questions from the Board members are reflected in the 990 that is filed by the organization.

Form 990, Part VI, Section B, Line 12c - Doctors Community Hospital (DCH) has adopted a Conflict of Interest Policy covering DCH and its wholly-controlled supporting organization Doctors Community Hospital Foundation (DCHF). Pursuant to such Conflict of Interest Policy, each Board member and officer of the organization is required to complete a written conflict of interest statement annually. The information received is used to both address the concerns raised by the Charter and By-Laws of DCH and DCHF, as well as to provide additional information regarding officer and directors, which will heighten awareness of their business transactions, experience, background, abilities and accomplishments, and of the community that DCH and DCHF seek to serve.

Form 990, Part VI, Section B, Line 15 - The Organization's Board has adopted a Compensation Policy ("the Policy") for covered individuals. Pursuant to the Policy, a Compensation Committee of independent directors was established to review the compensation of all employees specified as having a substantial influence over the organization and who receive remuneration from the Organization, including, among others, the Organization's President and Chief Executive Officer and the Organization's Chief Financial Officer and Vice President of Finance. The Compensation Committee is advised by an independent compensation consultant, which opines to the Compensation Committee that the level of compensation paid and the process by which compensation is established meet applicable IRS reasonableness and 'safe harbor' standards. The outside compensation consultant provides data of compensation provided at similar organizations to ensure that the Organization does not compensate in excess of market norms. The Compensation Committee recommends the annual changes to the Board for approval.

Form 990, Part VI, Section C, Line 19 - These documents are available upon requests. We also file these documents with the State of Maryland Health Services Costs Review Commission.
