TO: Chief Financial Officers of Hospitals with Fiscal Year Ending December 31, 2018

FROM: Dennis N. Phelps, Associate Director, Audit & Compliance

DATE: December 14, 2018

RE: Special Audit Procedures to be Performed by the Independent CPA's of all Maryland Hospitals

On June 14, 2018, the Commission staff met with the Maryland Hospital Association's Financial Technical Issues Task Force to review this year's Special Audit Procedures. Attached is the final version of the Special Audit Procedures.

The Special Audit Procedure Report will be due 140 days from the close of the fiscal year or May 20, 2019 for December 31st fiscal year hospitals.

In procedure C-1, the three specific departments to be reviewed by the outside auditors for acute hospitals are Electrocardiology (EKG), Labor & Delivery (L&D) and Magnetic Resonance Imaging (MRI). The departments to be reviewed for private psychiatric hospitals are Family Therapies (FTH) and Individual Therapies (ITH). If the hospital does not have one of the departments selected for review the alternate is Radiology- Diagnostic (RAD). Submit a listing of all procedures for the three specific departments to be reviewed for which the units of service were assigned "By Report." Please provide this listing in the format provided in Attachment C.

Procedure D calls for the Commission to supply the auditor with a sample of inpatient medical abstracts (for both acute and private psychiatric hospitals) as well as ambulatory surgery medical records abstracts. These samples are to be compared with hospital's billing records.

Audit procedures are to be performed on HSCRC approved Alternative Method of Rate Determination arrangements. The audit procedures to be performed on procedure-based or case based bundled rates arrangements have been added as step I. The audit procedures to be performed on capitation and global price arrangements are included in Supplement I. These audit procedures involve visiting the risk-taking hospital related entity in order to ascertain the accuracy of the information reported in the HSCRC mandated reports.

Consolidated Financial Statements

Special Audit Procedures to be performed by independent CPA's for hospitals filing consolidated financial statements.

Special Procedures- Supplementary Schedules to Audited Financial Statements

- Identify the methodologies used to allocate cost i.e. overhead, capital etc., in the supplementary schedules appended to the audited financial statements.
- Determine that the allocation methodologies were utilized consistently and accurately.
- Review the appropriateness of the allocation methodologies utilized and disclose whether the resulting cost allocations appear to be reasonable.

Please have your auditors contact William Hoff to obtain case mix data (Procedure D), quarterly reports for Hospice samples (Procedure G), quarterly reports for Cosmetic Surgery (Procedure H). William can be contacted at 410-764-3448 or via e-mail to William.Hoff@maryland.gov.

1. Review the reconciliation of the base year actual expenses on Schedules UA, C, D, E-1 thru E-9, F-1 thru F-4, OADP, P2I, P3I, P4I, P5I and UR1 thru UR10 of the budget submission financial statements.
 - Prepare a summary worksheet, in the format described in Attachment A, disclosing the reconciling items between the Rate Review System and the audit trial balance. This reconciliation worksheet must be included in your report.
2. During cash disbursements and payroll compliance testing, perform attribute statistical sampling (using a 95% confidence and 5% maximum error rate) to test departmental classification of expenses. List results of testing, including the number of test items and number of error occurrences.

B. Revenue

1. Review the reconciliation of the base year actual revenue for the year by department as accumulated on the monthly Experience Report to the year-end trial balance.
 - Verify that **only** regulated revenue has been reported on the Monthly Experience report.
 - Prepare a summary worksheet in the format described in Attachment B, disclosing the reconciling items between the departmental revenue reported on the monthly submission and the year end trial balance. This reconciliation worksheet must be included in your report.
 - List the amount and a description of all classifications made in reconciling revenue between the monthly and the year end trial balance. **This is to be included in your report in journal entry form.**
2. Review Schedule RE-R, Statement of Revenues and Expenses- Reconciliation to audited financial statements.
 - Verify that the reconciliation is complete and accurate. Trace the revenue, deductions from revenue and expenses to the general ledger.
 - Determine by inquiry of the appropriate personnel and review of applicable hospital records that the classification of revenue and allocation of expenses are in conformance with HSCRC regulation and policy. Report results of your inquiry in detail.

C. Statistics

1. For three (3) departments (two departments for private psychiatric hospitals) as stipulated by the Executive Director of the Commission.
 - Determine by inquiry of the appropriate clinical and financial personnel and reference to department source data that the department is using the standard unit of measure as prescribed in the Health Services Cost Review Commission's Accounting and Budget Manual. Please review any variances found with hospital staff and note how the hospital is going to fix the variances noted.
 - Utilize a representative sample of the procedures from one month's data. A selection of the high volume procedures that constitute at least 50% of the department's volume is recommended.
 - Trace the number of units reported to the HSCRC on the monthly PS schedule per procedure to the number of units assigned in Appendix D of the manual.
 - Submit a list of discrepancies found.
 - For each of the discrepancies, determine how long the incorrect number of units has been utilized for reporting and billing purposes.
 - Obtain a list from the appropriate clinical and financial personnel of procedures, **performed in the ancillary department**, for which the units of service were assigned "By Report". Provide this list to the Commission in **Excel format** (see Attachment C) with the submission of this report. List **all** of the procedures for **only** the rate centers under review in your report as follows:

-----------------	---------------------	----------------------

- Summarize the actual base year department statistics (inpatient, outpatient and total) by month and reconcile them to the base year units as reported on the hospital's monthly Experience Report and to the total reported on Schedule V3, Line O of the Annual Report. Test a two (2) month's accumulation of these statistics by tracing them to the source document data to the monthly and Annual Reports. Identify the source document.
- In order to ensure that patients are charged appropriately and that the HSCRC receives accurate data, hospitals are directed to establish procedures to review their Charge Master on at least an annual basis. Please review these procedures and obtain from the Chief Financial Officer written verification as to when the charge master was last reviewed and whether or not processes have been established to regularly review the hospital's Charge Master.

Determine that accounts unpaid by third party payors for medically unnecessary care are not included. Obtain a letter of representation from the Patient Accounting Manager and Chief Financial Officer that the bad debt expense does not include medically unnecessary care, denials or other courtesy discounts provided to police, fire, hospital employees, etc.
 - Disclose in your report whether or not the hospital maintains these denials

 - Of the cases where all or part of the recovery was applied to the hospital's bad debt expense or reserve:
 - 1) Provide the number of cases and percentages of the sample in which the gross amount of the bill recovered was applied to the hospital's bad debt expense or reserve; and
 - 2) Provide the number of cases and percentages of the sample in which the gross amount of the bill recovered was not applied to the hospital's bad debt expense or reserve.

5. DCFA- Debt Collection/Financial Assistance Report

G. Hospice General Inpatient Services

In March 2001, the Commission approved a Demonstration Project for the provision of general inpatient care to hospice patients to registered Medicare Hospice patients at Maryland hospitals. The project was approved with the following provisions:

- Hospices must bill HSCRC approved rates;
 - Hospital may agree to accept reimbursement on a per diem amount other than HSCRC approved rates;

H. Outpatient Plastic/Cosmetic Surgery

1. Reconcile Columns 2-5 of the hospital's Outpatient Plastic/Cosmetic Surgery Pricing worksheet to their Plastic/Cosmetic Surgery quarterly reports.
2. Ensure that the total difference in Col. 6 per the Outpatient Plastic/Cosmetic Pricing worksheet agrees with the hospital's Cosmetic Surgery contractual allowance account.

I. Audit of Trauma Costs

Hospitals with designated trauma centers incur incremental trauma costs to meet the Maryland Institute for Emergency Services System (MIEMMS) regulatory requirements. Such incremental costs are the costs associated with operating a

hospital with a designated trauma center that are over and above the costs normally associated with hospitals that do not have a designated trauma center. These incremental costs consist of the costs associated with: a Trauma Director, Trauma Department, Trauma Protocol, Specialized Trauma Staff, Education and Training and Special Equipment included in the costs of the Emergency on Schedule D 18.

For each of the following schedules trace the amounts to the hospital source documents. Review the method used to allocate costs between trauma requirements and normal emergency room operations. Include the method of allocation in your report.

Schedule MTC- A Trauma Director

Schedule MTC- B Trauma Department

Schedule MTC- C Trauma Protocol

Schedule MTC- D Specialized Trauma Staff

Schedule MTC- E Education and Training Costs

Schedule MTC- F Specialized Equipment

Schedule MTC- Incremental MIEMMS Requirements for Trauma Hospitals

Hospitals with designated trauma centers incur for trauma physicians to “standby”. Trauma physicians’ standby cost is defined as the costs generated as a result of the necessity to have the physical presence of a trauma physician, under a formal arrangement, to render services to trauma patients. These physicians must be on the hospital premises in reasonable proximity of the Emergency Department or trauma center and may not be “on-call”.

Trace the reported amounts on the following schedules to the hospital source document.

Schedule SBC I standby Costs Trauma Physicians- Hourly or Salary Based Arrangement

Schedule SBC II Standby Costs trauma Physicians- Minimum Guaranteed Arrangements

J. Community Benefit Report

1. Reconcile the Charity Care amount per the FY 2017 Community Benefit Report (line H) to the RE Schedule per the FY 2017 Annual Filing. Note any differences.

K. Admissions Denied for Medically Necessity

1. Determine whether the data submitted on the Admissions Denied for Medical Necessity report is complete and accurate:
 - Select a representative sample of cases from the Admission Denied for Medical Necessity reports for the first three quarters of FY 2018.
 - Reconcile the data from the hospital's records to the hospital's quarterly reports.
 - Obtain from the hospital's Chief Financial Officer a letter of attestation that all admissions written off after final adjudication in FY 2018 have been reported on the hospital's quarterly reports.

L. Supplemental Schedule UR6-A Physician Part B Services

1. Reconcile the information provided on Supplemental Schedule UR6-A to the information provided on Schedule UR6 submitted by the hospital

M. Report

1. Prepare a report in accordance to SAS 75, as amended, to be submitted to the hospital (with a copy mailed by the auditing firm to the Health Services Cost Review Commission) summarizing the procedures performed and the results. Prepare the report in accordance with the following specific report format instructions.
 - After the "report of "Independent Public Accountants", each step will be detailed in the following manner:
 - Reference specific audit step.
 - State the procedures performed to accomplish each audit step.
 - Summarize your audit findings for each step.
2. This report is to be filed with the Commission 140 days after the end of the hospital's fiscal year.

ALTERNATIVE METHOD OF RATE DETERMINATION ARRANGEMENTS

SPECIAL AUDIT PROCEDURES

As a result of the adoption and implementation of the Commission's Alternative Method of Rate Determination Policy, audit procedures must be performed by an independent CPA to ensure that the information provided concerning approved alternative rate setting arrangements is accurate. This will require the independent CPA to visit the offices and review the appropriate documents and records of the risk taking entity. These audit procedures will be due in a report under separate cover 140 days from the close of the fiscal year of the risk taking related entity.

A. Capitation- Schedules AR-1 and AR-2

1. Member Months- For each contract trace to source document the number of member months for the fiscal year on line A, schedule AR-1.
2. Revenue- For each contract, reconcile the actual revenue for the year as reported on Schedule AR-1 by component to the trial balance and source documents.
 - Prepare a summary worksheet, reconciling the revenue reported on the quarterly AR-1 schedules and the year end trial balance. This reconciliation worksheet must be included in your report.
 - List the amount and a description of all reclassification made in reconciling revenue between the quarterly reports and the year end trial balance. This is to be included in your report in journal entry form. Prepare a reconciliation between the total amounts above and the amounts in the audited financial statement. Include this reconciliation in your report.

4. Expenses and Statistics- For each contract for each of the three expense centers as stipulated by the Executive Director of the Commission:
 - Determine by inquiry of appropriate personnel and reference to source data whether or not the standard unit of measure as prescribe in the Health Services Cost Review Commission's Accounting and Budget Manual is being used and reported on Schedule AR-2.

- Summarize base year actual expenses and statistics by quarter and reconcile to the actual statistics and expenses reported on Schedules AR-1 and AR-2. Test one quarter's accumulation of these expenses and statistics by tracing source data. Include in your report the reconciliation of the source document to the quarterly and annual reports. Determine that expense are reported in the appropriate category, e.g., capitated, fee for service, related entity, out-of-network, etc., identify the source documents.

5. Overhead Allocation

- Determine by review and by inquiry of the appropriate personnel the method used to allocate overhead expenses to each contract. Disclose the methodology and verify that the methodology was properly utilized.

6. Stop-Loss

- Ascertain by review and inquiry of the appropriate personnel and disclose the cost, terms, (e.g. when stop loss kicks in) and coverage of all reissuance, stop-loss contracts and/or other arrangements to limit risk associated with each contract.

B. Global Price- Schedule AR-3

1. Revenue- For each contract reconcile the global payments as reported on Schedule AR-3 by DRG to the trial balance and source documents.
 - Prepare a summary worksheet reconciling the revenue reported on the quarterly AR-3 schedules and the year end trial balance. This reconciliation must be included in your report.
2. Number of Cases, Patient Days and Hospital Charges- For each contract; reconcile the number of cases, patient days and hospital charges by DRG as reported on AR-3 schedule to the appropriate source documents.
